GB/T 1348-2019 Translated English of Chinese Standard. (GBT 1348-2019, GB/T1348-2019, GBT1348-2019) https://www.chinesestandard.net,2020-11-06 This Standard specifies the designations, order information, manufacturing methods, chemical composition, technical requirements, sample preparation, test methods, inspection rules, marking, quality certificate, rust prevention, packaging and storage of spheroidal graphite iron castings.

GB/T 1348-2009 Translated English of Chinese Standard. (GBT 1348-2009, GB/T1348-2009, GBT1348-2009) https://www.chinesestandard.net,2014-06-09 This Standard specifies the terms and definitions, trademark, technical requirements, testing and sampling method, test rules, other testing method of the cast, mark, packaging, rust protection and storage requirements of the spheroidal graphite iron castings. This Standard is applicable to normal and low-alloy spheroidal graphite iron castings which are casted through sand-mold or casting mold of which the heat conductivity is similar to sand mold. For spheroidal graphite iron castings made in the special type casting method, this Standard can be served as the reference.

Where the Iron Crosses Grow Robert Forczyk,2014-09-20 The Crimea has been the scene of conflict throughout its history. First occupied by the Russians in the 18th century it was the scene of the Crimean War, and was drawn into the Russian Civil War, as well as World War II. Today it remains a much disputed region with the Crimea at the center of ongoing tensions between East and West. Throughout World War II the Crimea was a microcosm of the more general war on the Eastern Front, reflecting the ebb and flow of fortunes of that conflict. It was a crucible that saw first Soviet and then German armies surrounded, overwhelmed, and then destroyed. The nature of the fighting in the Crimea was unusual for the Eastern Front, with naval forces playing an important role, as the Crimea's position in the Black Sea gave rise to a major role for naval supply, amphibious landings, and, ultimately, evacuation. However, in other ways it was more characteristic of the Eastern Front, and the fighting for and occupation of the region saw the same level of atrocity and ethnic cleansing commonplace throughout the war in the East, with each side reaching the depths of barbarity in their treatment of the civilian population. Based on extensive new archival research, this incredible narrative history by acclaimed historian Robert Forczyk sheds new light on this vital aspect of the Eastern Front that has not been covered in English before.
