**Miracle on the Hudson** The Survivors of Flight 1549, William Prochnau, Laura Parker, 2009-10-20 The remarkable true story of Chesley "Sully" Sullenberger's heroic crash landing in the Hudson River, as told by the passengers who owe him their lives. Millions watched the aftermath on television, while others witnessed the event actually happening from the windows of nearby skyscrapers. But only 155 people know firsthand what really happened on U.S. Airways Flight 1549 on January 15, 2009. Now, for the first time, the survivors detail their astounding, terrifying, and inspiring experiences on that freezing winter day in New York City. Written by two esteemed journalists, *Miracle on the Hudson* is the entire tale from takeoff to bird strike to touchdown to rescue, seen through the eyes and felt in the souls of those on board the fateful flight. Revealing many new and compelling details, *Miracle on the Hudson* dramatically evokes the explosion and smell of burning flesh as both engines were destroyed by geese, the violent landing on the river that felt like a huge car wreck, the gridlock in the aisles as the plane filled swiftly with freezing water, and the thrill of the passengers' rescue from the wings and from rafts—all of it recalled by the cross section of America on board. Jay McDonald, a thirty-nine-year-old software developer, had survived brain-tumor surgery just two years earlier and now faced the unimaginable. Tracey Wolsko, a nervous flier, suddenly became other people's rock: Just pray. It's going to be all right. Jim Whitaker, a construction executive, reassured a nervous mother of two young children on board, only later admitting, I was pathologically lying the whole time. As the plane started sinking, Lucille Palmer, eighty-five, told her daughter to save herself: Just leave me! Featuring much more than what the media reported—moments of chaos in addition to stoicism and common sense, and the fortuitous mistakes and quick instincts that saved lives that otherwise would have been lost—*Miracle on the Hudson* is the chronicle of one of the most phenomenal feel-good stories of recent years, one that could have been a nightmare and instead became a stirring narrative of heroism and hope for our times.

**Captain Sully's River Landing** Steven Otfinoski, 2019 Vivid storytelling brings an incredible story to life and place readers in the shoes of people who experienced the most successful ditching in aviation history - the emergency river landing of US Airways Flight 1549. On January 15, 2009, Captain Chesley Sully Sullenberger was faced with disaster when his Airbus A320 airplane struck a flock of Canada geese shortly after taking off from New York's LaGuardia Airport. With no engine power and no airports close enough for a landing, Captain Sully had no choice but to ditch his craft in the Hudson River. Suspenseful, dramatic events unfold in chronological, interwoven stories from the different perspectives of people who experienced the event while it was happening. Narratives intertwine to create a breathless, What's Next? kind of read. Students gain a new perspective on historical figures as they learn about real people struggling to decide how best to act in a given moment.

**Highest Duty** Chesley B. Sullenberger, Jeffrey Zaslow, 2009-09-25 Now a major motion picture from Clint Eastwood, starring Tom Hanks—the inspirational autobiography by one of the most captivating American heroes of our time, Capt. 'Sully' Sullenberger—the pilot who miraculously landed a crippled US Airways Flight 1549 in New York's Hudson River, saving the lives of all 155 passengers and crew. On January 15, 2009, the world witnessed a remarkable emergency landing when Captain Sully Sullenberger skillfully glided US Airways Flight 1549 onto the Hudson River, saving the lives of all 155 passengers and crew. His cool actions not only averted tragedy but made him a hero and an inspiration worldwide. His story is now a major motion picture from director / producer Clint Eastwood and stars Tom Hanks, Laura Linney and Aaron Eckhart. Sully's story is one of dedication, hope, and preparedness, revealing the important lessons he learned through his life, in his military service, and in his work as an airline pilot. It reminds us all that, even in these days of conflict, tragedy and uncertainty, there are values still worth fighting for—that life's challenges can be met if we're ready for them.

QF32 Richard de Crespigny, 2012-08-01 QF32 is the award winning bestseller from Richard de Crespigny, author of the forthcoming *Fly! Life Lessons from the Cockpit of QF32* On 4 November 2010, a flight from Singapore to Sydney came within a knife edge of being one of the world's worst air disasters. Shortly after leaving Changi Airport, an explosion shattered Engine 2 of Qantas flight QF32 - an Airbus A380, the largest and most advanced passenger plane ever built. Hundreds of pieces of shrapnel ripped through the wing and fuselage, creating chaos as vital flight systems and back-ups were destroyed or degraded. In other hands, the plane might have been lost with all 469 people on board, but a supremely experienced flight crew, led by Captain Richard de Crespigny, managed to land the crippled aircraft and safely disembark the passengers after hours of nerve-racking effort. Tracing Richard's life and career up until that fateful flight, QF32 shows exactly what goes into the making of a top-level airline pilot, and the extraordinary skills and training needed to keep us safe in the air. Fascinating in its detail and vividly compelling in its narrative, QF32 is the riveting, blow-by-blow story of just what happens when things go badly wrong in the air, told by the captain himself.
