

T 1588

Franz Christoph Khevenhüller (Graf zu Frankenburg)

Sessional Papers Great Britain. Parliament. House of Commons,1905

Elizabeth I Wallace T. MacCaffrey,2021-04-13 Acclaimed for their dramatic rendering of the personalities and forces that shaped Elizabethan politics, Wallace T. MacCaffrey's three volumes thoroughly chronicle the Queen's decision making throughout her reign in a way that combines pleasurable reading with subtle analysis. Together in paperback for the first time, these books will find a wide readership among those interested in debunking Elizabeth's many mythic images and in following the steps of Elizabethan policy-makers as they grapple with the most crucial political problems of their day. MacCaffrey completes his analysis by investigating how Elizabeth and her ministers governed in the years between the Armada of 1588 and her death in 1603. In light of the Queen's desire to uphold her popularity through the maintenance of peace and prosperity, the author explains why she pursued war with Spain by only half-measures and how the brutal conquest of Ulster and the destruction of Tyrone came to be seen as prerequisites for the incorporation of Northern Ireland.

A Dictionary of Hymnology John Julian,1892

Queen Elizabeth and the Making of Policy, 1572-1588 Wallace T. MacCaffrey,2014-07-14 Acclaimed for their dramatic rendering of the personalities and forces that shaped Elizabethan politics, Wallace T. MacCaffrey's three volumes thoroughly chronicle the Queen's decision making throughout her reign in a way that combines pleasurable reading with subtle analysis. Together in paperback for the first time, these books will find a wide readership among those interested in debunking Elizabeth's many mythic images and in following the steps of Elizabethan

policy-makers as they grapple with the most crucial political problems of their day. To determine how policy evolved from the interaction between Elizabeth and her councillors from 1572 to the Armada in 1588, MacCaffrey begins with domestic affairs, focusing on the central problem of religious dissent, both Protestant and Catholic. Turning to foreign affairs, he then examines England's external relations with the Continental monarchies and Scotland. Lastly, he analyzes the two focuses of decision making, the Court and Parliament. Originally published in 1981. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.
