The Papers of Thomas Jefferson, Volume 22 Thomas Jefferson,2018-06-05 The months covered by this volume illustrate the variety of topics characteristic of the Jefferson Papers. Subjects range from Jefferson's continued overseeing of the planning of the Federal District that became Washington, D.C., to his worries over his debts and his exchange of correspondence with the free black Benjamin Banneker. This period, an unusually significant time for Jefferson as Secretary of State, saw the opening of a new phase of diplomacy. When Jefferson returned to the capital after a stay at Monticello in the fall, the first British minister to the United States had arrived, and the new representative from France had been in the city since August. During this time Jefferson began keeping private notes on important political conversations, notes that he later collected and bound. These notes were published after his death as Jefferson's Anas, a work never closely examined until now and often extended beyond Jefferson's evident intention. Ascertaining that Jefferson collected and intended only those documents from his tenure as Secretary of State to be used to challenge the Federalist interpretation of Washington's administration, the present editors publish the Anas notes not as compiled late in Jefferson's life or as amplified by others, but in chronological order, in the context in which they were written. Also discovered during the preparation of this volume was a new, later date or that portion of Jefferson's famous Espistolary Record written in his own hand.

1791, Mozart's Last Year H. C. Robbins Landon,1999-01-01 The premature death of Mozart is the subject of 1791, a study based upon Professor Landon's unrivalled understanding of source material relating to Mozart, his music and the events that became an enigma, a tragedy and a source of great controversy.

The Papers of Thomas Jefferson, Volume 18 Thomas Jefferson,1972-02-21 Volume 18, covering part of the final session of the First Congress, shows Jefferson as Secretary of State continuing his effective collaboration with James Madison in seeking commercial reciprocity with Great Britain by threatening--and almost achieving--a retaliatory navigation bill. During these few weeks Jefferson produced a remarkable series of official reports on Gouverneur Morris' abortive mission to England, on the first case of British impressment of American seamen to be noticed officially, on the interrelated problems of Mediterranean trade and the American captives in Algiers, and on the French protest against the tonnage acts. All of these state papers reflected the consistency of Jefferson's aim to bolster the independence of the United States, to promote national unity, and even, as his report on the Algerine captives indicates, to lay the foundations for American maritime power. This volume reveals Jefferson's continuing interest in a unified system of weights and measures, his effort to create a mint, and his concern over executive proceedings in the Northwest Territory. It contains also his suggestions for the President's annual message and his first encounter, at the hands of Noah Webster, with Federalist ridicule of his interest in science. Despite his heavy official duties and the confusion into which his household was thrown when 78 crates of books, wines, and furniture arrived from France, Jefferson never failed to write his promised weekly letter to his daughters and son-in-law under the alternating plan which obligated each of them to write only once every three weeks. The record of this time of extraordinary pressure shows that Jefferson retained his usual equanimity except when, after a full two months, he failed to receive any scrap of writing from the little family at Monticello.

The Papers of Thomas Jefferson: 6 August 1791 to 31 December 1791 Thomas Jefferson,1950 The Papers of Thomas Jefferson is a projected 60-volume series containing not only the 18,000 letters written by Jefferson but also, in full or in summary, the more than 25,000 letters written to him. Including documents of historical significance as well as private notes not closely examined until their publication in the Papers, this series is an unmatched source of scholarship on the nation's third president--Publisher's description.
