The Year of Decision, 1846 Bernard Augustine De Voto,Bernard De Voto,1961 This book tells the story of some people who went west in 1846. 1846 saw the outbreak of the war with Mexico, Fremont and the Bear Flag Revolt, a great Oregon and California emigration, the conquest of New Mexico, Doniphan's expedition, and the tragedy of the Donner party of emigrants--half adults, half childrens. These narratives are told as stories in themselves, as related parts of the great national spectacle, and as the culmination of the whole movement of American westward migration from the Atlantic to the Pacific.

The Papers of Jefferson Davis Jefferson Davis,1982-01-01 Lynda L. Crist, Associate Editor Mary S. Dix, Assistant EditorAt the end of Volume 2 Jefferson Davis had left Congress to become a colonel in the First Mississippi Regiment. The first item in this volume is a speech as he prepares to leave on a riverboat to serve in the Mexican War. The years 1846 through 1848 see Davis play a conspicuous role in the war and in the subsequent political clashes and controversies over slavery.Volume 3 details Davis' first experience in battle as an officer of a regiment as well as his initial term as a U.S. senator. He received both praise and criticism for his leadership in Mexico. In 1847 he returned to Mississippi a wounded hero of national fame, refused a brigadier generalship, and took his place in the U.S. Senate.There are several items of correspondence with Zachary Taylor that shed light on Taylor's attitude toward the proposed nomination that would lead to his election as president in 1848. Davis' first wife was Taylor's daughter; and in spite of political and family differences the two men maintained a close friendship. In a major speech in July, 1848, Davis protested the formal prohibition of slavery from the Oregon Territory; he then voted for the Senate's compromise bill on Oregon.Volume 3 of The Papers of Jefferson Davis includes letters to and from Davis, his speeches in chronological order, and other documents, further illuminating Davis' character, opinions, philosophy, and personal relationships as well as continuing the development of his military career.

The Papers of Jefferson Davis Jefferson Davis,1975-02-01 The five-year period from 1841 to 1846 saw the beginning of Jefferson Davis’ political career. In this, the second volume of The Papers of Jefferson Davis, the documents cover Davis’ unsuccessful race for the state legislature, his selection as a Democratic state elector, his marriage to Varina Howell, his election to the U.S. House of Representatives, and his departure therefrom to assume command of the First Mississippi Regiment in the Mexican War. In the congressional documents Davis emerges as a hardworking freshman representative who quickly won for himself the respect and esteem of his fellow congressmen. There were, however, notable exceptions. One such exception was Andrew Johnson, a tailor by trade, who strongly resented Davis’ remark on the floor of the House that a “blacksmith or tailor” could not be expected to achieve the same results in battle as a trained military man. In the somewhat bitter exchange that followed, some have professed to see the beginnings of the long-standing animosity between Johnson and Davis. The 255 documents in this volume (two appendixes contain undated and late-arriving items) provide a clear picture of Jefferson Davis, the man and the politician, and give an intimate view of Mississippi in the 1840s. Throughout the volume are rumblings of the then distant storm that was to break so disastrously over the nation in the 1860s.
