Booker T. Washington Papers Volume 3 Booker T Washington,Louis R. Harlan,Raymond W Smock,1974-04  
Washington's gradual rise to prominence as an educator, race leader, and shrewd political broker is revealed in this volume, which covers his career from May 1889 to September 1895, when he delivered the famous speech often called the Atlanta Compromise address. Much of the volume relates to Washington's role as principal of Tuskegee Institute, where he built a powerful base of operations for his growing influence with white philanthropists in the North, southern white leaders, and the black community.

**The Second Century** Mark T. Gilderhus,2000 The Second Century: U.S.-Latin American Relations since 1889 focuses on U.S. relations with Latin America during the second century, a period bounded by the advent of the New Diplomacy late in the nineteenth century and the end of the Cold War about one hundred years later. This text provides a balanced perspective as it presents both the United States's view that the Western Hemisphere needed to unite under a common democratic, capitalistic society, and the Latin American countries' response to U.S. attempts to impose these goals on their southern neighbors. This book examines the reciprocal interactions between the two regions, each with distinctive purposes, outlooks, interests, and cultures. It also places U.S.-Latin American relations within the larger context of global politics and economics. The Second Century is an excellent text for courses in Latin American history and diplomatic history.
