American Small-Town Fiction, 1940-1960 Nathanael T. Booth,2019-01-15 In literature and popular culture, small town America is often idealized as distilling the national spirit. Does the myth of the small town conceal deep-seated reactionary tendencies or does it contain the basis of a national re-imagining? During the period between 1940 and 1960, America underwent a great shift in self-mythologizing that can be charted through representations of small towns. Authors like Henry Bellamann and Grace Metalious continued the tradition of Sherwood Anderson in showing the small town--by extension, America itself--profoundly warping the souls of its citizens. Meanwhile, Ray Bradbury, Toshio Mori and Ross Lockridge, Jr., sought to identify the small town's potential for growth, away from the shadows cast by World War II toward a more inclusive, democratic future. Examined together, these works are key to understanding how mid-20th century America refashioned itself in light of a new postwar order, and how the literary small town both obscures and reveals contradictions at the heart of the American experience.

The Mexican Press and Civil Society, 1940-1976 Benjamin T. Smith,2018-08-07 Mexico today is one of the most dangerous places in the world to report the news, and Mexicans have taken to the street to defend freedom of expression. As Benjamin T. Smith demonstrates in this history of the press and civil society, the cycle of violent repression and protest over journalism is nothing new. He traces it back to the growth in newspaper production and reading publics between 1940 and 1976, when a national thirst for tabloids, crime sheets, and magazines reached far beyond the middle class. As Mexicans began to view local and national events through the prism of journalism, everyday politics changed radically. Even while lauding the liberty of the press, the state developed an arsenal of methods to control what was printed, including sophisticated spin and misdirection techniques, covert financial payments, and campaigns of threats, imprisonment, beatings, and even murder. The press was also pressured by media monopolists tacking between government demands and public expectations to maximize profits, and by coalitions of ordinary citizens demanding that local newspapers publicize stories of corruption, incompetence, and state violence. Since the Cold War, both in Mexico City and in the provinces, a robust radical journalism has posed challenges to government forces.

The Blitzkrieg Legend Karl-Heinz Frieser,John T. Greenwood,2013 Here, for the first time in English, is an illuminating German perspective on the decisive blitzkrieg campaign. The account, written by the German historian Karl-Heinz Frieser and edited by American historian John T. Greenwood, provides the definitive explanation for

Germany's startling success and the equally surprising military collapse of France and Britain on the European continent in 1940. In a little over a month, Germany defeated the Allies in battle, a task that had not been achieved in four years of brutal fighting during World War I. First published in 1995 as the official German history of the 1940 campaign, this book goes beyond standard explanations to show that the German victory was not inevitable and that French defeat was not preordained. Contrary to most accounts of the campaign, Frieser's illustrates that the military systems of both Germany and France were solid and that their campaign plans were sound. The key to victory or defeat, Frieser argues, was the execution of operational plans--both preplanned and ad hoc--amid the eternal Clausewitzian combat factors of friction and the fog of war. He shows why, on the eve of the campaign, the British and French leaders had good cause to be confident and why many German generals were understandably concerned that disaster was looming for them. This study explodes many of the myths concerning German blitzkrieg warfare and the planning for the 1940 campaign. Frieser's groundbreaking interpretation of the topic has been the subject of discussion since the German edition first appeared. This English translation is published in cooperation with the Association of the United States Army.

Don't Panic Mark Rowe, 2011-11-08 Between May and October 1940, following Hitler's invasion of western Europe and the evacuation of the Expeditionary Force from Dunkirk, it was feared that the Germans would invade Britain. Over a million men volunteered for the Home Guard, beaches were covered with barbed wire, and pillboxes were scattered across the countryside. But even amid this frenzy of preparation, many Britons were indifferent to the perceived threat. In *Don't Panic: Britain Prepares for Invasion, 1940*, Mark Rowe presents the definitive account of Britain's 'finest hour'. Using diaries, official documents and many previously unpublished photographs, he recounts the history of the invasion that never was, including how Churchill interfered with the defence of Whitehall, the many false alarms such as the 'Battle of Bewdley', and the general who boasted his orders were 'grandiloquent bollocks'. Moreover, it shows how the people of Britain sought to defend their island against a truly formidable enemy, and how their preparations arguably prevented the invasion from ever taking place.

Arrest And Exile Lilian T. Mowrer, 2016-10-27 This book tells the story of Olga Kochanska, an American woman of Polish origin who resided on the eastern border of Poland in 1939, having just lost her husband, when, despite being an American citizen, she was arrested by the Soviet police. She spent the next few months in Lwów, watching the city grow daily uglier and dirtier by the day as the intruders from the east gained greater and greater control. Then in the spring of 1940, Mrs. Kochanska found herself suddenly gathered up by the Russian police and imprisoned in a railroad car, along with a band of cultured, well-to-do Jews of Lwów, for exile to Siberia, where she would suffer a harrowing experience as a prisoner for the next six months. A vivid and sensitive account of the sufferings in Poland and Siberia during the unfolding of World War II.

Stories of a Boy's Life Tom McKinnon, 2013-11-18 These stories are accounts of the adventures of young boys

growing up in the 1940's. Summers were spent on Dry Creek fishing, swimming, camping-out and generally exploring the surrounding woods. It was a time when parents didn't worry about their kids and the boys had long days of almost complete freedom. A group of four boys had adventures dealing with an escaped convict, encountering racial segregation, waging a conflict with new boys that moved into the area and solving a murder. Through these events the boys were gaining maturity and learning much about life and morals that served them well in later years.

Seeing Life in the 1940s & 50s through the eyes of a Nebraska Child Darlene Hill,2020-11-07 This book was written by a great-grandma who wants to leave to her children the memories she has of her childhood. The book tells about the house she was born in, the church she attended, and the school she went to. It also tells about how the house was heated, how the laundry was done, growing a garden so there would be food through the winter, and living through the blizzard of 1948 and '49. She also tells about how her great-grandpa settled in Greeley County and how he built his farm

Go Back with Me Nina Holland,2020-05-22 Magdalene Snow is a bitter, middle-aged woman. When riled, she is thought to likely shoot her rifle at animals and people alike. She leads a solitary life and wants nothing more than to be left alone in her self-imposed exile. She speaks to no one and scorns any overtures from local residents who come too near her small cabin. She came to Birch Mountain to escape an abusive husband and her only desire is for security and solitude. However, what she finds is something quite different. A small child named, Blue, determines to enter into Maggie's world with, or without, an invitation. She is persistent and fearless in her maneuvers to get acquainted with any newcomers. In the beginning Maggie determinedly resists the overtures of the troublesome little girl, but over time she is won over and discovers a joyous life which she never knew existed. She gradually finds great peace and acceptance in dwelling on that same mountain for the remainder of her days. In fact, her great desire to be alone when she first arrives on Birch Mountain, comes to pass only after she has grown old. Due to progress, the people of her world have either moved away, or passed away. In the late 1940's the community in the foothills called Fancy Knoll, ceases to be, and Maggie alone remains. As a tribute to Blue, she sets her mind to write the stories of the local people who have lived in the area, either as she shared them herself, or as they were told to her. These are the stories of one community and are written to preserve the lives and culture for a future generation. Maggie's tales are the stories of the people of Fancy Knoll.
