

T 1942

Alan Simon

Surfing San Onofre to Point Dume ,1998-06 Imagine surfing a perfect blue wave off a deserted beach of sparkling white sand. This book takes us back to a time when the earliest surfers were busy inventing the first American beach culture. The beautiful and nostalgic photographs that surfer Don James took of himself and his friends from 1936-46 capture the lost Eden of the California surf dream in all its glory and innocence. Over 100 sepia photos.

388th Anthology Richard Singer,2001 The 388th Bombardment Group (H) arrived at Station 136, Knettishall, England, in mid-1943 and sent B-17s against Nazi Germany for two years, until its mission was accomplished. The Group stood down in June, 1945. This is the compelling story of the men of the 388th, the combat crews and the ground support, told in their own words. Here, in this second of two volumes, are their true, detailed and enthralling accounts of air combat and base life, of terror in the skies and mischief on the ground- tales of Knettishall, The Country Club of the Eighth Air Force, of leaves in London and forced POW marches, of wartime romances, the horror of combat, personal tragedies and heroic escapes. Tales of fear and pride, loneliness and resolve; tales of life and death. Through personal reminiscences, mission diaries, photographs, daily bulletins, base newsletters, newspaper articles and radio interviews, the 388th Anthology tells the full and exciting story of what it was like to be there as history was made and the world was saved.

Captains of Bomb Disposal 1942-1946 T. Dennis Reece,2005-04-28 Bomb disposal was the most technically demanding and dangerous job outside of combat during World War II. Fewer than five thousand men did it in the American armed forces. During the war their activities were shrouded in secrecy, so that the Axis would not know what techniques the Allies were using. When they came home the citizen soldiers and officers who had done the work preferred anonymity to publicity. Furthermore, the units they had served in, often squads of six enlisted men and one officer, had been too small and independent to attract much notice by American chroniclers, official or unofficial, of the biggest armed conflict in history. *Captains of Bomb Disposal, 1942-1946* attempts to bring some long-overdue public attention to this small group of neglected heroes. It chronicles two of their two most significant achievements during the World War II era: the contributions of the thirty-three bomb disposal squads of the Ninth Air Force, and the top-secret intelligence mission code named Operation Hidden Documents. In 1944 the Ninth Air Force was the most powerful tactical air force the world had ever seen. In the European Theater of Operations (ETO) it controlled more bomb disposal personnel than any other high command. Part I of *Captains of Bomb Disposal, 1942-1946* mainly describes training at the Bomb Disposal School at Aberdeen Proving Ground, Maryland, and the support thirty-three bomb disposal squads gave the Ninth Air Force. Interwoven in the narrative covering events after D-Day is the wider context in which those squads, and all of the Ninth Air Force, operated, namely, air and ground forces pioneering a large-scale, close partnership which defeated the Germans in northwest Europe. Also discussed is how Ninth Air Force bomb disposal squads helped handle the problem after V-E Day of up to two million tons of surplus explosive ordnance in the theater. Most of the sources for Part I on bomb disposal operations are unpublished unit histories, Ninth and Eighth Air Force ordnance reports, theater-level reports, and related documents at either the National Archives at College Park, Maryland (NACP), or the Air Force Historical Research Agency (AFHRA), at Maxwell Air Force Base, Alabama. Part I is organized around, but definitely not limited to, the World War II experiences of Capt. Thomas R. Reece. Now deceased and the author's father, he was one of the four highest-ranking bomb disposal officers in the Ninth Air Force. Some of his official and personal papers are utilized. Background material on the course of the war in the ETO is taken mainly from published official histories, and for the Ninth Air Force, also from unpublished documents at AFHRA. One of the passages in Part I describes how two men in the 80th Bomb Disposal Squad, Sgt. Russell F. McCarthy and T/5 Walter V. Smith, in 1945 won the Soldiers Medal, America's highest military award for bravery in action not against the enemy. They were not the only bomb disposal

personnel to win that award during the World War II era. Part II revolves around Capt. Stephen M. Richards, who was commanding officer of the 123rd Bomb Disposal Squad, attached during the war to General Patton's Third Army. Captain Richards and two combat engineers won the award for disarming a cache of booby-trapped documents outside Stechovice, Czechoslovakia in February 1946, as part of Operation Hidden Documents. The trio was apprehended by Czechoslovak authorities while the other mission members took the documents to Germany, and was only released after the documents were returned. Meanwhile, a diplomatic crisis was ignited as Czechoslovakia officially protested the American infringement of its sovereignty. Moreover, the Czechoslovak Communist Party used the controversy for propaganda purposes shortly before the national elections of May 1946. Shortly before the trio was released, the operation received fairly extensive publicity, in

Lost in the Pacific, 1942: Not a Drop to Drink (Lost #1) Tod Olson, 2016-10-25 LOST IN THE PACIFIC is the first book in a new narrative nonfiction series that tells the true story of a band of World War II soldiers who became stranded at sea and had to fight for survival. World War II, October 21, 1942. A B-17 bomber drones high over the Pacific Ocean, sending a desperate SOS into the air. The crew is carrying America's greatest living war hero on a secret mission deep into the battle zone. But the plane is lost, burning through its final gallons of fuel. At 1:30 p.m., there is only one choice left: an emergency landing at sea. If the crew survives the impact, they will be left stranded without food or water hundreds of miles from civilization. Eight men. Three inflatable rafts. Sixty-eight million square miles of ocean. What will it take to make it back alive?

374th Troop Carrier Group Edward T. Imparato, 1998 Written by Colonel Edward Imparato, this book provides the 374th Troop Carrier Group history of events from 1941 to 1945.

1942 Robert Conroy, 2009-02-24 December 7 is "the date which will live in infamy." But now Japan is hatching another, far greater plan to bring America to its knees. . . . The Japanese surprise attack on Pearl Harbor was a resounding success—except for one detail: a second bombing mission, to destroy crucial oil storage facilities, was aborted that day. Now, in this gripping and stunning work of alternate history, Robert Conroy reimagines December 7, 1941, to include the attack the Japanese didn't launch, and what follows is a thrilling tale of war, resistance, sacrifice, and courage. For when Admiral Isoroku Yamamoto sees how badly the United States has been ravaged in a two-pronged strike, he devises another, more daring proposal: an all-out invasion of Hawaii to put a stranglehold on the American Pacific Fleet. Yamamoto's strategy works brilliantly—at first. But a handful of American soldiers and a determined civilian resistance fight back in the face of cruelty unknown in Western warfare. Stateside, a counterassault is planned—and the pioneering MIT-trained aviator Colonel Jimmy Doolittle is given a near-impossible mission with a fleet of seaplanes jury-rigged into bombers. From spies to ordinary heroes and those caught between two cultures at war, this is the epic saga of the Battle of Hawaii—the way it very nearly was. . . .

Remembering 1942 Liu Zhenyun, 2016-10-11 Sweeping, humorous, and moving tales from one of contemporary China's greatest writers. The bestselling and award-winning author of novels satirizing contemporary China, Liu Zhenyun is also renowned for his short stories. *Remembering 1942* showcases six of his best, featuring a diverse cast of ordinary people struggling against the obstacles—bureaucratic, economic, and personal—that life presents. The six exquisite stories that comprise this collection range from an exploration of office politics unmoored by an

unexpected gift to the tale of a young soldier attempting to acclimate to his new life as a student and the story of a couple struggling to manage the demands of a young child. Another, about petty functionaries trying to solve a mystery of office intrigue, reads like a survival manual for Chinese bureaucracy. The masterful title story explores the legacy of the drought and famine that struck Henan Province in 1942, tracing its echoes in one man's personal journey through war and revolution and into the present. Each story is rich in wit, insight, and empathy, and together they bring into focus the realities of China's past and present, evoking clearly and mordantly the often Kafkaesque circumstances of contemporary life in the world's most populous nation. Skyhorse Publishing, as well as our Arcade, Yucca, and Good Books imprints, are proud to publish a broad range of books for readers interested in fiction—novels, novellas, political and medical thrillers, comedy, satire, historical fiction, romance, erotic and love stories, mystery, classic literature, folklore and mythology, literary classics including Shakespeare, Dumas, Wilde, Cather, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

East of Farewell Howard Hunt, 2020-02-25 East of Farewell, first published in 1942, is a realistic novel of life aboard a U.S. Navy destroyer in the North Atlantic during World War II. The book centers on the officers and crew, their interactions, their routine tasks aboard ship and as part of a larger convoy, the tensions between "regular navy" men and those serving for just the duration of the war, encounters with German U-boats, and the harsh weather and sea. Author Howard Hunt (1918-2007) served as an ensign aboard a destroyer in the North Atlantic during the early days of the Second World War.

Ju 87D/G STUKA versus T-34 Robert Forsyth, 2023-09-28 An examination of two of the most high-profile air and land weapons to be deployed on the Eastern Front in World War II. In late 1942, as part of its attempts to strike back at ever-increasing numbers of Soviet tanks, the German air ministry authorised the development of an adaptation and enhancement of the longspan Junkers Ju 87D-5 Stuka dive-bomber. The aircraft was duly fitted with two underwing pods containing 37 mm BK cannon – an anti-aircraft cannon with its origins dating back to 1933. The solid, slow, Ju 87 airframe offered the Luftwaffe an ideal platform for specialist, low level, 'tank-killing' operations. Despite the wealth of experience possessed by some of the Luftwaffe's ground-attack and dive-bomber aces, knocking out T-34 tanks from the air was a demanding and difficult process. Nevertheless, some Luftwaffe pilots notched up impressive tank scores, and the Ju 87 is credited with the destruction of more than 100 tanks across the central and southern sectors of the Eastern Front, including during the Battle of Kursk. Including personal accounts from Stuka pilots and biographies of the anti-tank aces, together with detailed photographs of the cannon installation into the Ju 87G and details of the construction of the T-34 illustrated using specially commissioned artwork, this book covers the epic clash of two legendary machines of World War II.

Annual report (California. Board of Medical Examiners). 1934-44 , 1935

The Hike into the Sun Bernard T. FitzPatrick, 2012-02-01 Sergeant Bernard T. FitzPatrick endured the long and deadly hike to Japanese prisoner of war camps known as the Bataan Death March. In Japan he was forced to work at the Yawata Steel Works at Kokura--the original target of the

Allies' second atomic bomb. FitzPatrick's service at Clark Field in the Philippines, the brutal fighting on Bataan, and the harrowing details of his time as a Japanese POW are detailed. Interspersed are his thoughts on U.S. preparations for the Pacific war, his Japanese captors, and the American, Filipino and Japanese men and women who risked their lives to ease the harsh conditions in the camps.
