**Schwinn Black Phantom** SUE PERKINS,2012-03-28 In the spring of 1949 Warren Hearst can no longer play shortstop or ride his bike. The polio epidemic has claimed his body. Bundled in a blanket in the back of the family Chevy Woody station wagon, Warren rolls along Highway 30 toward Omaha and hospitalization. He will be a miserable crip. He plans to run away. But the plan is dashed when he meets Whitey, that pushy little twerp across the street in the new, unfamiliar neighborhood. Out of the hospital, and sporting a leg brace and a crutch, Warren finds himself bumping along in Whitey's coaster wagon. Their destination is the old Woodard farm where a legendary, weathered tree house has been waiting to welcome yet another troubled child. The story begins when Warren and Whitey, life long friends and now in their sixties, are sitting face to face in a breakfast booth with sketchy plans drawn on a grease spotted placemat. It will be midnight when Whitey's pickup will bounce through the fields of the now deserted Woodard farm. The tree house will be dismantled and rebuilt in an old tree in Warren's back yard. Another special child will climb the ladder, because the planet Venus will be positioned just right in the glowing sunset of the western sky.

Algebra L. Rédei,2014-07-21 Compared with the original German edition this volume contains the results of more recent research which have to some extent originated from problems raised in the previous German edition. Moreover, many minor and some important modifications have been carried out. For example paragraphs 2 — 5 were amended and their order changed. On the advice of G. Pickert, paragraph 7 has been thoroughly revised. Many improvements originate from H. J. Weinert who, by enlisting the services of a working team of the Teachers' Training College of Potsdam, has subjected large parts of this book to an exact and constructive review. This applies particularly to paragraphs 9, 50, 51, 60, 63, 66, 79, 92, 94, 97 and 100 and to the exercises. In this connection paragraphs 64 and 79 have had to be partly rewritten in consequence of the correction

*American Images of China, 1931-1949* T. Christopher Jespersen,1999-02-01 In the 1930's and 1940's, the prevalent American view of China was that of a friendly, democratic, and increasingly Christian state, in many ways akin to the United States. This view was fostered by a wide range of literary, political, and business leaders, including Pearl S. Buck, Franklin D. Roosevelt, Wendell Willkie, Joseph Stillwell, Claire Chennault, and most notably, the powerful publisher of Life and Time, Henry R. Luce. This book shows how the notion of the Chinese as aspiring Americans helped shape American opinions and policies toward Asia for almost twenty years. This notion derived less from the reality of Chinese historical or cultural similarities than from a projection of American values and culture; in the American view, fueled by various political, economic, and religious interests, China was less a geographical entity than a symbol of American hopes and fears. One of the more important consequences was the idealization of China and the demonization of Japan.
