Why We Can't Wait Dr. Martin Luther King, Jr., 2011-01-11 Dr. King's best-selling account of the civil rights movement in Birmingham during the spring and summer of 1963 On April 16, 1963, as the violent events of the Birmingham campaign unfolded in the city's streets, Dr. Martin Luther King, Jr., composed a letter from his prison cell in response to local religious leaders' criticism of the campaign. The resulting piece of extraordinary protest writing, "Letter from Birmingham Jail," was widely circulated and published in numerous periodicals. After the conclusion of the campaign and the March on Washington for Jobs and Freedom in 1963, King further developed the ideas introduced in the letter in *Why We Can't Wait*, which tells the story of African American activism in the spring and summer of 1963. During this time, Birmingham, Alabama, was perhaps the most racially segregated city in the United States, but the campaign launched by King, Fred Shuttlesworth, and others demonstrated to the world the power of nonviolent direct action. Often applauded as King's most incisive and eloquent book, *Why We Can't Wait* recounts the Birmingham campaign in vivid detail, while underscoring why 1963 was such a crucial year for the civil rights movement. Disappointed by the slow pace of school desegregation and civil rights legislation, King observed that by 1963—during which the country celebrated the one-hundredth anniversary of the Emancipation Proclamation—Asia and Africa were “moving with jetlike speed toward gaining political

independence but we still creep at a horse-and-buggy pace.” King examines the history of the civil rights struggle, noting tasks that future generations must accomplish to bring about full equality, and asserts that African Americans have already waited over three centuries for civil rights and that it is time to be proactive: “For years now, I have heard the word ‘Wait!’ It rings in the ear of every Negro with piercing familiarity. This ‘Wait’ has almost always meant ‘Never.’ We must come to see, with one of our distinguished jurists, that ‘justice too long delayed is justice denied.’”

The Public Papers of Governor Bert T. Combs Bert T. Combs, 2014-07-15 This volume presents the most important public papers of Bert T. Combs during the four years he served as governor of Kentucky. Arranged chronologically, the papers reveal the policy of the Combs administration as it evolved in the early years of the 1960s and show how the governor dealt with varying concurrent problems. Although this collection is not intended as a definitive statement of the Combs administration, it provides important source material that will enable historians to study the broad spectrum of issues faced by the people of the Commonwealth at a time when considerable government-inspired change was occurring. John Ed Pearce has provided a perceptive introductory essay to the volume. The appendix offers a complete listing of speeches delivered by Governor Combs during his term of office.

The Public Papers of Governor Edward T. Breathitt, 1963-1967 Edward Breathitt, 2014-10-17
Edward Thompson Breathitt Jr. served as governor of Kentucky from December 12, 1967. The Breathitt administration was notable for its close ties with the national administration of President Lyndon B. Johnson and with Johnson's Great Society programs. Governor Breathitt led successful campaigns for economic and industrial development, civil rights legislation, increased support for education, and expansion and improvement of the state highway and park systems. His most significant defeat was the rejection in 1966 of a new state constitution. His administration won several national awards, including: a Lincoln Key Award (1966) for leadership in the passage of civil rights legislation; Society of Industrial Investors' award (1964) for the best industrial development program; the Midwest Travel Writers Association award (1965) for the best travel promotion program; and the U.S. Department of Interior Distinguished Service Award (1967) for contributions in the field of conservation. Governor Breathitt's papers are of historical importance for the light they shed on one governor's attempts to mesh state and federal actions and to fit federal programming to the needs of his state.

Kennedy's assassination and explores the intersection of stories and memories and how they represent and mythologize that defining moment in history. Jackie's story is interwoven with the stories of real people intimately connected with that day: a man who shares cigarettes with Jackie outside the trauma room; a motorcycle policeman flanking the motorcade; Abe Zapruder, who caught the assassination on film; the White House servants waiting for Jackie to return; and the morticians overseeing President Kennedy's autopsy.

Pharmacology of Cholinergic and Adrenergic Transmission G. B. Koelle, W. W. Douglas, A. Carlsson, 2017-01-31 Section on Pharmacology of the International Union of Physiological Sciences (SEPHAR), Proceedings of the Second International Pharmacological Meeting, August 20-23, 1963, Volume 3: Pharmacology of Cholinergic and

Adrenergic Transmission focuses on the effects of drugs on muscles, nerve fibers, and the central nervous system. The selection first offers information on the role of sodium ions in the release of acetylcholine and the distribution and release of acetylcholine in muscles. Discussions focus on the effects of sodium deficiency on ACh release in perfused ganglia; effects of sodium pump inhibitors on ganglionic and myoneural transmission; distribution of ACh and choline acetylase in muscle; and ACh release after denervation. The text then ponders on the roles of acetylcholine and acetylcholinesterase in junctional transmission and correlated studies of monoamines and acetylcholinesterase in sympathetic ganglia, manifesting the distribution of adrenergic and cholinergic neurons. The publication examines the action of acetylcholine and related drugs on mammalian nonmyelinated nerve fibers; possible mechanisms of acetylcholine action in muscles; and electrophysiological analysis of cholinergic transmission in sympathetic ganglia. The text then reviews the interactions of cholinomimetic and cholinergic blocking drugs at sympathetic ganglia; evolution of cholinoreceptive sites of locomotor muscle; and pharmacological blocking of central cholinoreactive systems and the possibilities of its therapeutic application. The selection is a dependable source of data for readers interested in the pharmacology of cholinergic and adrenergic transmission.

War and Conflict Quotations Michael C. Thomsett, Jean Freestone Thomsett, 2015-09-02 History is replete with pronouncements on war. Some reflect on man's warlike nature ("We are quick to flare up, we races of men on the

earth"—Homer); others deal with the practical strategies of the combatants ("If Hitler invaded hell I would make at least a favorable reference to the devil in the House of Commons"—Winston Churchill); and still others offer advice for avoiding conflict ("The most disadvantageous peace is better than the most just war"—Desiderius Erasmus). More than 2,700 quotations on war and conflict are presented in this reference work. The quotations are arranged by more than 100 broad categories, from action to winning. For each, the quotation is first given, followed by its author, the work in which it appeared (when appropriate), and the date. The book includes numerous cross-references, and keyword-in-context and author indexes are provided for further utility.
