2025 The Remnant S. D. Burke, 2014-04 It's 2025. Earthquakes, floods, forest fires, and terror attacks cause people to wonder if these are the end times. A global America slides into chaos. As a member of the World Federation, America joins One World Finances and the One World Religion. The Bible is outlawed. Christians are persecuted. People are forced to take a number to buy and sell. Those who resist become homeless or are sent to prison for refusing to take the number. Families are divided. This is twenty-one-year-old Daniel Jordan's story, a faith journey, a story of following truth no matter where it leads, a story of love, danger, and adventure. Daniel and his friend Lydia Cohen-deported from the City of Gold as youth senators and imprisoned in the dissident prison at Leavenworth-escape through a miracle. Aided by the Christian underground, they make their way to Canada in search of Maranatha Village, a refuge for dissidents. They are now part of the remnant-those who cannot follow the world regime and await the second coming of Christ. Will Daniel and Lydia be able to start a new life in the village for dissidents? What will happen to the families they leave behind? And the most important question of all: is this the time Jesus will return to the earth? Join us for Book III in the 2025 trilogy: The Remnant.

2025 - The endgame Joachim Sonntag, 2020-09-20 These three documents, Weather War document, Future warfare, Population figures of the countries, authorized by US Air Force, NASA, CIA, FBI, DARPA, ... all indicate the same endgame year: 2025. The year of the planned establishment of the New World Order (NWO). Artificial intelligence, Transhumanism, Geoengineering, Nanotechnology, Genetic engineering, Mass psychology, Manipulation of consciousness, Bioweapons and 5G serve to control and manipulate the population and to secure the transition to the NWO. The Corona flu in 2020 is used to spread fear and panic among the population to make them accept the massive reduction of civil liberties. The young generation expects a worse fate than the war generation of 1939-45, if we don't fight back. Fate has a name: Transhumanism & 5G. Is there still a chance of stopping this process?

Hell Followed with Us Andrew Joseph White, 2022-06-07 A furious, queer debut novel about embracing the monster within and unleashing its power against your oppressors. "A long, sustained scream to the various strains of anti-transgender legislation multiplying around the world like, well, a virus. —The New York Times INSTANT NEW YORK TIMES BESTSELLER Sixteen-year-old trans boy Benji is on the run from the cult that raised him—the fundamentalist sect that unleashed Armageddon and decimated the world's population. Desperately, he searches for a place where the cult can't get their hands on him, or more importantly, on the bioweapon they infected him with. But when cornered by monsters born from the destruction, Benji is rescued by a group of teens from the local Acheson LGBTQ+ Center, affectionately known as the ALC. The ALC's leader, Nick, is gorgeous, autistic, and a deadly shot, and he knows Benji's darkest secret: the cult's bioweapon is mutating him into a monster deadly enough to wipe humanity from the earth once and for all. Still, Nick offers Benji shelter among his ragtag group of queer teens, as long as Benji can control the monster and use its power to defend the ALC. Eager to belong, Benji accepts Nick's terms...until he discovers the ALC's mysterious leader has a hidden agenda, and more than a few secrets of his own.
