AD 2036 Is The End Christian Jacobsen, 2008-03 Did you know that the exact year of Jesus' crucifixion was predicted over five hundred years before His birth? Did you know that a similar prophecy predicts the exact year of Jesus' return to earth? In fact, the timing of the Second Coming of Christ is foreshadowed in no less than eleven places in the scriptures. These timelines all point to the end of human history within this generation. Although the Bible teaches that no one knows the day or hour when these things will happen, (Mark 13:32) it says nothing about not knowing the year. Faithful Christians most certainly .won't be surprised when the day of the Lord comes, (1 Thessalonians 5:4) rather, they will .see the day approaching. (Hebrews 10:25) This book reveals that the Glorious Day will occur within three and a half years of AD 2036. CHRIST HAS DIED! CHRIST IS RISEN! CHRIST WILL COME AGAIN!

2036 Michael Sandels, 2019-10-18 '2036: The Year Trump Stepped Down' is the hilarious and quirky, futuristic story of America after enduring 20 years with Donald TXXXP and his family running the show. The good news is, you'll never have to read the TXXXP name since this book redacts it every time, and that's quite the important thing! The bad news is, the country is a catastrophic mess, a barren wasteland similar to the Old West, except now both coasts, East and West, are completely gone! 2036 America is a place where only two types of people exist: the have-nots and the rich. The have-nots must gut-it-out every day in the dangerous outdoors (suffering other-worldly and disastrous weather patterns along with the better-than-likely chance of getting shot for any reason at all). The Rich reside in the ten domed capital-cities, all of them able to withstand any weather catastrophe from the outside world, and they receive every penny of the Administration's coffers to support their own homes, these ten examples of human ingenuity, these ten-mile-wide luxury-domes called the capital-cities. In the novella, an array of six different groups of people from every walk of life in 2036 America go about their lives, striving to survive the frequent world-shaking

events of the day, and all the while desperately trying to figure out what happened to the entire Southern Hemisphere (which rumor has it, is missing). To uncover the answers, the book takes its reader into the jaw-dropping, comical and satirical world of the TXXXP Regime (as they're now called), including KellyaXXX and Steve MXXXER amongst others. In short, the world has become a ludicrous wasteland only sixteen years from our present day. 2036: The Year Trump Stepped Down is a fun, often-deep, and oft-hilarious page-turner (which can be consumed easily in one day at the beach) (without the kids) that takes its reader into the heart of a future America with this Administration at the helm for two decades, and they're still refusing to leave, 20 years later. The story follows six separate groups of characters, each with their own eponymous subchapter, which creates the common structure of the story. Besides Donald J., The Chosen One, Himself, the other main characters include THE MCGILLICUDDYS, a family of four trying to survive in the wastelands; BOB AND TED, a gay couple who live above the former East Coast as algae farmers in a small hut, suspended above the ocean; the entire TXXXP ADMINISTRATION, including The Chosen One, plus DUKE DON THE YOUNGER, PRINCE ERIC, and PRINCESS IVANKA (all of whom have been trying-out the whole Royalty-thing for the last few years, but it's all still pretty new to them); ALICE who is a Rambo-like, solo survivor out in the wastelands; and ADMIRAL GRAYSON BILGE, the handsome, middle-aged Secretary of War for the Administration, who has serious doubts about the horror he's created along

with this Administration. By the exciting conclusion, the novella's characters have battled gamely-on until the final-day showdown. Whether the world survives or not at this point, dear reader, is wrapped up neatly by the end, when the story reveals some surprises, and the reader finally gets to see the real truth behind the tale's mysteries in this futuristic, truth-ambiguous, landscape of dust and lies. On top of it all, 2036 is the story of the infamous TXXXP family if they would they have continued-on for twenty full years as the proverbial bull in a China-shop-world. and the tragic decisions made in the past (and present) which are now re-circling back to haunt them, and, in the end, punish the evildoers in all-too-just ways. Hopefully, just hopefully, everyone else won't be punished in the process.

**War and Conflict Quotations** Michael C. Thomsett, Jean Freestone  
Thomsett,2015-09-02 History is replete with pronouncements on war. Some reflect on man's warlike nature ("We are quick to flare up, we races of men on the earth"—Homer); others deal with the practical strategies of the combatants ("If Hitler invaded hell I would make at least a favorable

reference to the devil in the House of Commons”—Winston Churchill); and still others offer advice for avoiding conflict (“The most disadvantageous peace is better than the most just war”—Desiderius Erasmus). More than 2,700 quotations on war and conflict are presented in this reference work. The quotations are arranged by more than 100 broad categories, from action to winning. For each, the quotation is first given, followed by its author, the work in which it appeared (when appropriate), and the date. The book includes numerous cross-references, and keyword-in-context and author indexes are provided for further utility.
