2042 the Resistance Tracey Adhikari,2020-06-03 It's 2042 and a foreign power controls Australia. Mind reading robotic security guards monitor every move and thought. They patrol the streets, the farms and the university halls, and people who step out of line are eliminated or cut up for body parts. On the surface everything runs like clockwork, but the people are suffering. Factory workers are fed drugs to keep them passive, people on the land are evicted for foreign take overs and individual thought or spiritual belief is prohibited. But there is an underground resistance. It comes from the bush. Harry, an acutely sensitive young autistic boy, who can read minds himself, is horrified when the 'Wasps' try to recruit him. Tanja, beautiful, abused and alone, who must try to build a life for herself and her unborn daughter. Jodie, a gun toting girl from a cattle station, who joined a revolution in Africa before returning to Australia. Johnno and Moe, gifted students who meet Harry at a Sydney university. As their stories evolve and their lives cross paths, they must join forces to outwit the far-reaching tentacles of technology and the ruthless police state to survive.

Stupid Things I Won't Do When I Get Old Steven Petrow,2021-06-29 For fans of David Sedaris and Nora Ephron, a humorous, irreverent, and poignant look at the gifts, stereotypes, and inevitable challenges of aging, based on award-winning journalist Steven Petrow's wildly popular New York Times essay, Things I'll Do Differently When I Get Old. Soon after his 50th birthday, Petrow began assembling a list of "things I won't do when I get old"—mostly a catalog of all the things he thought his then 70-something year old parents were doing wrong. That list, which included "You won't have to shout at me that I'm deaf," and "I won't blame the family dog for my incontinence," became the basis of this rousing collection of do's and don'ts, wills and won'ts that is equal parts hilarious, honest, and practical. The fact is, we don't want to age the way previous generations did. "Old people" hoard. They bore relatives—and strangers alike—with tales of their aches and pains. They insist on driving long after they've become a danger to others (and themselves). They eat dinner at 4pm. They swear they don't need a cane or walker (and guess what happens next). They never, ever apologize. But there is another way... In *Stupid Things I Won't Do When I Get Old*, Petrow candidly addresses the fears, frustrations, and stereotypes that accompany aging. He offers a blueprint for the new old age, and an understanding that aging and illness are not the same. As he writes, "I meant the list to serve as a pointed reminder—to me—to make different choices when I eventually cross the threshold to 'old.'" Getting older is a privilege. This essential guide reveals how to do it with grace, wisdom, humor, and hope. And without hoarding. Praise for *Stupid Things I Won't Do When I Get Old*: "Unbelievably witty and relatable, I alternated bursting into laughter and placing my hand over my face in horror thinking, Oh my God, is that me? I often say, at this age we have something young people can never have...wisdom. My dear friend, Steven Petrow, has wisdom to share in this honest, funny, wry guide to keep us young at heart, without desperately hanging onto our youth. I am buying this book for all of my friends!" —Suzanne Somers, New York Times bestselling author of *A New Way to Age* "Stupid Things I Won't Do When I Get Old is an irreverent, funny, honest look at aging and all the things we take for granted as normal parts of aging. They don't need to be. If you struggle with getting older and want to find a fresh perspective on lessons learned about what NOT to do as we age, and what TO do to stay young in heart, spirit, mind and body, read this book." —Mark Hyman, MD, #1 New York Times bestseller author of *The Blood Sugar Solution 10-Day Detox Diet*, and Head of Strategy and Innovation at the Cleveland Clinic Center for Functional Medicine. "Steven Petrow resolved to do things differently than his parents had when he gets old because he wished they'd been able to enjoy life more. His solution? He created a list! In this book, he shares the secrets to living a full life regardless of our age. It's all about the decisions we make every day. My advice in a nutshell: Read this book and keep it handy." —"Dear Abby" (Jeanne Phillips), nationally syndicated advice columnist "It's never too early to imagine what your life will look like as you age. And as I once wrote, 'We are not hostages to our fate.' Petrow's book will help you plan, think, and redefine what it means to get older—and even laugh while doing it." —Andrew Weil, MD, New York Times bestselling author of *Spontaneous Healing* and *Healthy Aging: A Lifelong Guide to Your Well-Being* "Steven Petrow not only has a great attitude about life, he is wise about how to live it. Like me, he says we should embrace our one life 100% and not let a number—our age—get in the way of anything! Steven's book will help you rethink the word "aging" and approach this next chapter with a positive and proactive attitude. Plus, this book is fun!" —Denise Austin, renowned fitness expert, author, and columnist "Steven's writing feels like sitting with a friend—one who is unusually gracious, warm and frank." —Carolyn Hax, author of the nationally syndicated advice column, Carolyn Hax Praise for Steven Petrow: Steven Petrow's *Complete Gay & Lesbian Manners* helps gays and straights navigate the subtleties of the same-sex world. —People Move over, Emily Post! When it comes to etiquette for members of the gay, lesbian, bisexual and transgender community—as well as their straight friends, family members and coworkers--author and journalist Steven Petrow is the authority. —TIME What could've easily become a novelty book has emerged as an exhaustively researched, essential resource thanks to advice columnist and etiquette expert Steven Petrow. —The Advocate From having kids to planning funerals, Steven Petrow's *Complete Gay & Lesbian Manners* has most facets of gay life covered. Ms. Post would approve. —Entertainment Weekly An indispensable refresher course...on what's proper in modern...life. —Kirkus Reviews

Systems - A Novel Saleena Karim,2012 2042: Humanity has witnessed the World Democratic Revolution and has left war, pollution and extreme poverty behind. Elise Archer is a hard-nosed British policewoman with psychic abilities. She also happens to be a reincarnated terrorist in denial. When Peter Manner escapes from a local psychiatric hospital and begins a murder spree, Elise makes the chilling discovery that he too is a psychic ... and in another life he was her friend. Manner is on his way to America, where he and she both mysteriously disappeared thirty years ago. By complete coincidence the global police organisation GAILE has just reopened their case, and needs her help. But is there such thing as a coincidence? Follow Elise on her journey as she confronts the truth about her past life, why she was killed, and most importantly, why she was brought back to life. Because soon she will come to question reality itself. This is the story of the Systems Experiment, and the fight - literally - for liberty and justice.
