2049: Nomads-The Guardians of Earth Martin T. Tomov,2016-03-25 This is a story that warns of what may become of humanity and our only home if we don't change our ways and values. At the same time, it is also a story of survival, reflection, and possibilities for different futures. Despite the hardships, bloodshed, and the constant antagonisms between Nomad and Harvester survivors in the book, the author projects a hopeful message for future generations. Readers are left with the impression that new beginnings are still possible.
