2076-reagan's Last Word Michael Santos,2010-04 In 1976, Ronald Reagan, at the Republican Convention, announced he placed a letter in a time capsule to be opened in Los Angeles in 2076. In a speech given at that convention, Reagan expressed his concern that the people of 2076 would never get to read the letter because it spoke of individual freedom. America, 2076 the United States has been fundamentally changed, and the government controls every aspect of daily life medical decisions, consumption, speech, transportation, even the right to be alive all in the name of social justice. Michael Adams, a journalism student, writes an article about America's Tercentennial and wonders if his generation understands what it means to be an American. He discovers a plot to destroy the Reagan letter, its message no longer welcome in a country where liberty has died and tyranny rules. He turns to the man who introduced him to Reagan's ideas Calvin Marshall, a history professor who is hiding, and only his granddaughter, Michael's ex-girlfriend, Jackie Perez, knows of his whereabouts. Soon, Michael goes on the run, persecuted by a federal agent determined to silence him at any cost. To keep the letter from being destroyed, he has to face the agent, community organizers, rats, strippers, high-speed trains, bandits, Obamobiles, a terrible family dinner, and a bad movie. As he continues to run for his life, Reagan's warning becomes all too real. They probably won't get to read the letter at all because it spoke of individual freedom . . . www.2076reaganslastword.com

War and Conflict Quotations Michael C. Thomsett,Jean Freestone Thomsett,2015-09-02 History is replete with pronouncements on war. Some reflect on man’s warlike nature (“We are quick to flare up, we races of men on the earth”—Homer); others deal with the practical strategies of the combatants (“If Hitler invaded hell I would make at least a favorable reference to the devil in the House of Commons”—Winston Churchill); and still others offer advice for avoiding conflict (“The most disadvantageous peace is better than the most just war”—Desiderius Erasmus). More than 2,700 quotations on war and conflict are presented in this reference work. The quotations are arranged by more than 100 broad categories, from action to winning. For each, the quotation is first given, followed by its author, the work in which it appeared (when appropriate), and the date. The book includes numerous cross-references, and keyword-in-context and author indexes are provided for further utility.
