Applications of Fibonacci Numbers G.E. Bergum,Andreas N. Philippou,Alwyn F. Horadam,2012-12-06 This book contains 58 papers from among the 68 papers presented at the Fifth International Conference on Fibonacci Numbers and Their Applications which was held at the University of St. Andrews, St. Andrews, Fife, Scotland from July 20 to July 24, 1992. These papers have been selected after a careful review by well known referees in the field, and they range from elementary number theory to probability and statistics. The Fibonacci numbers and recurrence relations are their unifying bond. It is anticipated that this book, like its four predecessors, will be useful to research workers and graduate students interested in the Fibonacci numbers and their applications. A History of Women in Ireland, 1500-1800 Mary O'Dowd,2016-02-17 The first general survey of the history of women in early modern Ireland. Based on an impressive range of source material, it presents the results of original research into women's lives and experiences in Ireland from 1500 to 1800. This was a time of considerable change in Ireland as English colonisation, religious reform and urbanisation transformed society on the island. Gaelic society based on dynastic lordships and Brehon Law gave way to an anglicised and centralised form of government and an English legal system.
