Digest of Education Statistics, 2008 Thomas D. Snyder,Sally A. Dillow,2009-05 Statistical information on the whole range of American education is presented in this volume. Coverage ranges from kindergarten through graduate school, and is based upon data from both government and private sources. The main part of the book is composed of the following chapters: all levels of education, elementary and secondary

education, federal programs for education and related activities, outcomes of education, international comparisons of education, and learning resources and technology. Supplemental sections on population trends, attitudes towards education, education characteristics of the labor force, government finances, and economic trends provide the background needed for evaluating education data.
