**Algorithms and Computation** D.T. Lee,Shang-Hua Teng,2003-07-31 The papers in this volume were selected for presentation at the Eleventh Annual International Symposium on Algorithms and Computation (ISAAC 2000), held on 18{20 December, 2000 at the Institute of Information Science, Academia Sinica, Taipei, Taiwan. Previous

meetings were held in Tokyo (1990), Taipei (1991), Nagoya (1992), Hong Kong (1993), Beijing (1994), Cairns (1995), Osaka (1996), Singapore (1997), Taejon (1998), and Chennai (1999). Submissions to the conference this year were conducted entirely electronically. Thanks to the excellent software developed by the Institute of Information Science, Academia Sinica, we were able to carry out virtually all communication via the World Wide Web. In response to the call for papers, a total of 87 extended abstracts were submitted from 25 countries. Each submitted paper was handled by at least three program committee members, with the assistance of a number of external reviewers, as indicated by the referee list found in the proceedings. There were many more acceptable papers than there was space available in the symposium program, which made the program committee's task extremely difficult. Finally 46 papers were selected for presentation at the Symposium. In addition to these contributed papers, the conference also included two invited presentations by Dr. Jean-Daniel Boissonnat, INRIA Sophia-Antipolis, France and Professor Jin-Yi Cai, University of Wisconsin at Madison, Wisconsin, USA. It is expected that most of the accepted papers will appear in a more complete form in scientific journals.

**Directory of EU Case Law on State Aids** René Barents, 2022-06-06 This new edition of an immensely useful book follows the same proven format as its predecessors, updates its analysis of case law with hundreds of new decisions by the courts of the European Union (EU), and thus remains the quickest source of reference for practitioners working with EU State aid matters. Following a highly organized sequence of subject headings, it presents extracts from all judgments and orders of both the Court of Justice and the General Court of the EU on the Treaty on the Functioning of the European Union (TFEU)

rules on State aids. The book covers the relevant case law of both courts. There is a new chapter on legal protection and additional material on the concept of State aid, advantages for undertakings, selectivity, forms of State aid, procedures and unlawful aids. With this book, practitioners will quickly find relevant paragraphs and full citations regarding all issues raised by Articles 107-109 TFEU, including the following and much more: territorial scope of State aids; Article 107(1) EC and WTO Agreements; conditions for categorizing a national measure as State aid; free movement of goods; undertakings; private versus public investment; justification of selective measures; interstate trade and competition; tax measures; restructuring aids; procedural aspects; and locus standi of trade associations. In many areas, the extracts relate to points of the judgments which are not or only partially covered in official summaries. For accessibility of this case law, this updated edition of the preeminent analysis of EU State aid case law has no peers. Practitioners in this key area of EU competition law will find this book indispensable.
