Harmonising EU Competition Litigation Maria
Bergström,Marios Iacovides,Magnus
Strand,2016-01-14 This volume in the Swedish
Studies in European Law series, produced by the
Swedish Network for European Legal Studies,
heralds the new harmonised regime of private
enforcement of EU competition law. In 2013, the
Commission issued a Communication and Practical
Guide to the quantification of harm in antitrust
litigation and a Recommendation on collective
redress. In 2014, the long-awaited Directive on
actions for damages for infringements of EU
competition law was finally adopted. In 2016, the
Commission is expected to issue guidelines on the

passing-on of overcharges. This book examines these recent developments and offers the perspectives of judges, officials, practitioners and academics. With a preface by Judge Carl Wetter of the General Court, the book explores five different themes. In section one, the main policy issues and challenges are presented. In section two, the new regime is placed in the bigger picture of recent EU law developments. In section three, the nexus between private enforcement and transparency is investigated. A comparative perspective is offered in section four by looking into private enforcement in five Member State jurisdictions. Finally, issues relating to causation, harm and indirect purchasers are explored in section five.
