International Arbitration in Sweden Annette Magnusson,Jakob Ragnwaldh,Martin Wallin,2021-03-09
Sweden is one of a handful of countries where the international arbitral process has reached a stage where the jurisprudence is replete with instances involving no local parties at all. In this context of credible neutrality, the Arbitration Institute of the Stockholm Chamber of Commerce (SCC) has emerged as a leading global arbitral institution. Whether the matter at issue is a business transaction dispute or a politicized conflict involving obdurate parties, the richness of its body of decided cases manifests the SCC's authority and reliability throughout the converging world of international arbitration. The present book,

written by sixteen eminent practitioners and now in its second edition, provides a practical guide to international arbitration in Sweden, whether ad hoc or institutional. Among the many elements of practice and procedure detailed are the following: appointment, challenge, removal, and compensation of arbitrators; procedural efficiency and costs; use of international legal sources such as IBA guidelines; choice of law by parties; SCC rules and procedures; multiparty arbitrations – joinder, intervention, consolidation; investment treaty arbitration; confidentiality; documentary evidence, witnesses, and experts; grounds for setting aside; party succession; Swedish court review of the arbitrator’s jurisdiction; and appeal of arbitrators’ compensation. In addition, readers will be exposed to a trove of pertinent references to important decisions that have, in recent decades, been generated by the stream of major international arbitrations conducted in Sweden. Disputing parties wishing to know what will happen when their case is brought to Sweden for arbitration will find no clearer or more thorough guide. This book is an incomparable source for anyone called upon to act as arbitrator or counsel, or in any other capacity, in international arbitration in Sweden.

Bulletin Texas Education Agency, 1918

Stockholm Arbitration Yearbook 2020 Axel Calissendorff, Patrik Schöldström, 2020-11-27 Each year, Stockholm is the arbitration seat of choice for numerous parties endeavouring to resolve international disputes. It is the second most used venue for investment disputes, and it is often the venue for disputes arising from the Energy Charter Treaty. This annual publication, launched under the auspices of the Stockholm Centre for Commercial Law, is designed to meet the information needs of arbitration practitioners and parties from all over the world. The present edition provides authoritative chapters, some

of them with a Swedish angle, that address current matters of global concern in arbitration, including the following: dispute resolution in the financial sector; emergency arbitration; recent Swedish case law related to arbitration and in particular one seminal case; arbitrator liability; the right to a public hearing in arbitration; and squeeze-out arbitration. The Yearbook provides both perspective and detailed analyses that will be welcomed by arbitration practitioners, counsel, and judges deciding arbitration cases. It will also provide valuable insights for arbitration academics, in-house counsel at multinational companies, and arbitral institutions worldwide.
