GB/T 7345-2008 Translated English of Chinese Standard (GB/T 7345-2008, GBT7345-2008) <https://www.chinesestandard.net>,2024-02-02 This standard specifies the terms and definitions, classification, basic technical requirements and test methods, inspection rules, delivery preparation, user service requirements for control motors and their combinations (hereinafter referred to as motors). This standard provides basic technical requirements and test methods for motors for organizations which have the following needs: a) It is necessary to prove that the motor product has the ability to meet the requirements of users and applicable laws and regulations; b) Ordering or product acceptance; c) Inspection basis; d) Government or industry regulation of product quality. When the optional provisions in this standard are not applicable due to the characteristics of the motor product, they can be deleted. However, the deletion cannot affect the ability or responsibility to prove that the motor product meets the requirements of users and applicable laws and regulations. The test methods specified in this standard are commonly used; users of the standard are allowed to choose and use them. This standard specifies the basic requirements for motors. When there are special requirements, especially for electronic drives, the manufacturer shall formulate special technical conditions. This standard shall be used together with the general technical conditions or special technical conditions for motors. This standard is applicable to various control motors and their combinations; general-purpose motors can also be adopted by reference. GB/T 7345-2008 www.ChineseStandard.net ? Buy True-PDF ?
