The Collected Mathematical Papers of Leonard Eugene Dickson Leonard Eugene Dickson, 1975
International Arbitration in Sweden Annette Magnusson, Jakob Ragnwaldh, Martin

Wallin, 2021-03-09 Sweden is one of a handful of countries where the international arbitral process has reached a stage where the jurisprudence is replete with instances involving no local parties at all. In this context of credible neutrality, the Arbitration Institute of the Stockholm Chamber of Commerce (SCC) has emerged as a leading global arbitral institution. Whether the matter at issue is a business transaction dispute or a politicized conflict involving obdurate parties, the richness of its body of decided cases manifests the SCC's authority and reliability throughout the converging world of international arbitration. The present book, written by sixteen eminent practitioners and now in its second edition, provides a practical guide to international arbitration in Sweden, whether ad hoc or institutional. Among the many elements of practice and procedure detailed are the following: appointment, challenge, removal, and compensation of arbitrators; procedural efficiency and costs; use of international legal sources such as IBA guidelines; choice of law by parties; SCC rules and procedures; multiparty arbitrations – joinder, intervention, consolidation; investment treaty arbitration; confidentiality; documentary evidence, witnesses, and experts; grounds for setting aside; party succession; Swedish court review of the arbitrator's jurisdiction; and appeal of arbitrators' compensation. In addition, readers will be exposed to a trove of pertinent references to important decisions that have, in recent decades, been generated by the stream of major international arbitrations conducted in Sweden. Disputing parties wishing to know what will happen when their case is brought to Sweden for arbitration will find no clearer or more thorough guide. This book is an incomparable source for anyone called upon to act as arbitrator or counsel, or in any other capacity,

in international arbitration in Sweden.

A Guide to the SCC Arbitration Rules Jakob Ragnwaldh, Fredrik Andersson, Celeste E. Salinas Quero, 2019-12-11 The Stockholm Chamber of Commerce (SCC) is one of the world's leading arbitral institutions, registering about 200 new cases each year, approximately half of them being international cases in commercial and investment treaty disputes. True to the SCC tradition of offering a cost-efficient and flexible procedure, the SCC's current Arbitration Rules, which came into force in 2017, introduced important new mechanisms enhancing the efficiency of the proceedings. This guide to the SCC Arbitration Rules, the first and only available commentary in English, addresses the Rules and their appendices article by article in the order in which they appear in the Rules. Focusing primarily on how the Rules are applied in practice, the authors bring together their combined extensive experience of conducting SCC arbitrations as counsel, arbitrators and members of the SCC Board and Secretariat, to provide thorough and user-friendly guidance on the SCC proceedings from start to finish, including the new features introduced in 2017 such as summary procedure, joinder and multiple-contract arbitrations, as well as the new appendix addressing certain aspects specific to investment treaty arbitration. Covering all the general issues such as appointment and removal of arbitrators, the proceedings before the arbitral tribunal, making of awards and decisions, the following issues are also addressed: emergency arbitrator proceedings; consolidation of cases; the appointment of an administrative secretary; particular characteristics of investment treaty disputes; and costs of the arbitration. This guide is sure to appeal to arbitrators, external counsel and party representatives who choose to adopt the SCC Arbitration Rules, whether they are based in Sweden or elsewhere. Practitioners will confidently approach any case under the SCC Arbitration Rules with full awareness of applicable rules of procedure and practice.
