Public-Private Collaboration in Agricultural Research Keith O. Fuglie, David E. Schimmelpfennig, 2008-09-25 An examination of technology transfer in agricultural research

collaborations *Public-Private Collaboration in Agricultural Research: New Institutional Arrangements and Economic Implications* examines the impact of the private-sector takeover of the field, and what it means for funding, research, technology, and more. Beginning with U.S. agricultural research financing, the discussion moves on to cover plant and animal research investments, collaborating institutions, and the international significance of technology spillover and transfer. From intellectual property rights and the CRADA Model to seed generation and other agricultural technology, this book offers a thought-provoking overview of global collaboration at this critical intersection of science and human welfare.
