Bronze Age Settlement and Land-Use in Thy, Northwest Denmark (Volume 1 & 2) Jens-Henrik Bech,Kristian Kristiansen,Berit Valentin Eriksen,2018-06-04 This two volume monograph about the region of Thy in the early Bronze Age provides a high resolution archaeological and ecological model of the organisation of landscape, settlements and households during the period 1500-1100 BC. Bordering the North Sea to the west, and the calmer waters of the Limfjord to the east, the region of Thy in Denmark experienced four centuries of intense economic and demographic expansion. By combining results from environmental and economic research (pollen and palaeo-botanical analyses) with intensive field surveys and excavations of farmsteads with exceptional preservation, it has been possible to open a window to the changes that transformed Bronze Age society and its environment during a few centuries of exceptional expansion and wealth consumption. The results from this interdisciplinary venture made it possible to link together the histories of local farmsteads with the wider regional and global history of the Bronze Age in North-western Europe during this period. Here is much to feed on for students and researchers of the Bronze Age alike.

Jackie Harlan Mystery Box Set Marti Talbott,2018-11-27 Seattle Quake 9.2 - They knew it could happen - scientists had been warning them for years. Yet, nearly two million people living in the greater Seattle area went about their daily lives as usual. A Detective Agency thought they had found a missing woman, an upstart radio station was on the air, and an eccentric banker had just started a round of golf. Thousands were driving on freeways, shopping in malls, awaiting flights, working in downtown high-rises, and on buses in the bus tunnel. They knew -- they just didn't believe it could happen to them. Missing Heiress - The Harlan Detective Agency was the best there was when it came to finding missing people. They were also the most expensive, so it was no coincidence that they were hired to find the heir to a fortune totaling over 1.6 billion dollars. Nicholas Gladstone left everything to a granddaughter he didn't know he had until a week before he died, but which one was it - the maid secretly working in the parent's home, an office worker, or the young woman tragically killed in a car accident? Greed and a Mistress - Mark Barrett thought having an affair was no big deal as long as his wife didn't find out. That was before he got arrested for the hit-style murder of a wealthy old woman. What drew the Jackie Harlan Detective Agency to the fascinating trial in Portland, Oregon was the hope of finding a child that had been missing for years.
