Mounce's Complete Expository Dictionary of Old and New Testament Words William D. Mounce,2009-12-15 For years, Vine's Expository Dictionary has been the standard word study tool for pastors and laypeople, selling millions of copies. But sixty-plus years of scholarship have shed extensive new light on the use of biblical Greek and Hebrew, creating the need for a new, more accurate, more thorough dictionary of Bible words. William Mounce, whose Greek grammar has been used by more than 100,000 college and seminary students, is the editor of this new dictionary, which will become the layperson's gold standard for biblical word studies. Mounce's is ideal for the reader with limited or no

knowledge of Greek or Hebrew who wants greater insight into the meanings of biblical words to enhance Bible study. It is also the perfect reference for busy pastors needing to quickly get at the heart of a word's meaning without wading through more technical studies. What makes Mounce's superior to Vine's? The most accurate, in-depth definitions based on the best of modern evangelical scholarship Both Greek and Hebrew words are found under each English entry (Vine's separates them) Employs both Strong's and G/K numbering systems (Vine's only uses Strong's) Mounce's accuracy is endorsed by leading scholars

A Dictionary of Archaic and Provincial Words James Orchard Halliwell,2018-12-14 So far I may be permitted to speak without intrenching on the limits of criticism. A work containing more than 50,000 words, many of which have never appeared even in scattered glossaries,

and illustrated, with very few exceptions, by original authorities, much contain valuable material for the philologist, even if disfigured by errors. With respect to the latter contingency, I am not acquainted with any glossary, comprising merely a few hundred words which does not contain blunders, although in many instances the careful attention of the editor has been specially directed to the task. Can I then anticipate that in a field so vast that no single life would suffice for a minute examination of every object, I could have escaped proportionate liabilities? That such may be pointed out I have little doubt, notwithstanding the pains to prevent their occurrence, but it will be manifestly unfair to make them the test of merit, or thence to pronounce a judgement on the accuracy of the whole.
