Cancer-gate Samuel S. Epstein,2019-08-22 Award-winning author, Samuel S. Epstein, M.D., whose 1978 book The Politics of Cancer shook the political establishment by showing how the federal government had been corrupted by industrial polluters, has written a book that is sure to be of equal consequence. Cancer-Gate: How to Win the Losing Cancer War is a groundbreaking new book. It warns that, contrary to three decades of promises, we are losing the winnable war against cancer, and that the hand-in-glove generals of the federal National Cancer Institute (NCI) and the private nonprofit American Cancer Society (ACS) have betrayed us. These institutions, Epstein alleges, have spent tens of billions of taxpayer and charity dollars primarily targeting silver-bullet cures, strategies that have largely failed, while virtually ignoring strategies for preventing cancer in the first place. As a result, cancer rates have escalated to epidemic proportions, now striking nearly one in every two men, and more than one in every three women. This translates into approximately 50 percent more cancer in men, and 20 percent more cancer in women over the course of just one generation.
