Beyond the Frontier Jill Dahlman, Piper Selden, 2015-10-05 Beyond the Frontier: Innovations in First-Year Composition is a compilation of the latest research in first-year composition presented at, and inspired by, the Rocky Mountain Modern Language Association's "Beyond the Frontier" panels. The book is divided similarly into panels, with the editors having collected a sampling of the composition practices that will stand the test of time. The purpose of the book is to present the reader with innovative methods and techniques for incorporation into the first-year composition classroom, or simply to provide food for thought – passing the torch, as it were – so that new research can be conducted and new findings disseminated. The division of the book mimics the panels one would typically find on a particular day during the Rocky Mountain Modern Language Association Conference, providing the reader with a taste of what it's like to be in the room with first-year composition scholars.
