**Postmodern Winemaking** Clark Smith,2013-11-02 In Postmodern Winemaking, Clark Smith shares the extensive knowledge he has accumulated in engaging, humorous, and erudite essays that convey a new vision of the winemaker's craft--one that credits the crucial roles played by both science and art in the winemaking process. Smith, a leading innovator in red wine production techniques, explains how traditional enological education has led many winemakers astray--enabling them to create competent, consistent wines while putting exceptional wines of structure and mystery beyond their grasp. Great wines, he claims, demand a personal and creative engagement with many elements of the process. His lively exploration of the facets of postmodern winemaking, together with profiles of some of its practitioners, is both entertaining and enlightening.

**Petrarch's Letter to Posterity.** [Translated by F. R. S., i.e. Francis Wrangham.] Francesco Petrarca,1810

**A Comedian Sees the World** Charlie Chaplin,2014-12-21 Film star Charlie Chaplin spent February 1931 through June 1932 touring Europe, during which time he wrote a travel memoir entitled "A Comedian Sees the World." This memoir was published as a set of five articles in Women's Home Companion from September 1933 to January 1934 but until now had never been published as a book in the U.S. In presenting the first edition of Chaplin's full memoir, Lisa Stein Haven provides her own introduction and notes to supplement Chaplin's writing and enhance the narrative. Haven's research revealed that "A Comedian Sees the World" may very well have been Chaplin's first published composition, and that it was definitely the beginning of his writing career. It also marked a transition into becoming more vocally political for Chaplin, as his subsequent writings and films started to take on more noticeably political stances following his European tour. During his tour, Chaplin spent time with numerous politicians, celebrities, and world leaders, ranging from Winston Churchill and Mahatma Gandhi to Albert Einstein and many others, all of whom inspired his next feature films, Modern Times (1936), The Great Dictator (1940), Monsieur Verdoux (1947), and A King in New York (1957). His excellent depiction of his experiences, coupled with Haven's added insights, makes for a brilliant account of Chaplin's travels and shows another side to the man whom most know only from his roles on the silver screen. Historians, travelers, and those with any bit of curiosity about one of America's most beloved celebrities will all want to have A Comedian Sees the World in their collections. Available only in the USA and Canada.

**Environmental Health Literacy** Symma Finn,Liam R. O'Fallon,2018-09-12 This book explores various and distinct aspects of environmental health literacy (EHL) from the perspective of investigators working in this emerging field and their community partners in research. Chapters aim to distinguish EHL from health literacy and environmental health education in order to classify it as a unique field with its own purposes and outcomes. Contributions in this book represent the key aspects of communication, dissemination and implementation, and social scientific research related to environmental health sciences and the range of expertise and interest in EHL. Readers will learn about the conceptual framework and underlying

philosophical tenets of EHL, and its relation to health literacy and communications research. Special attention is given to topics like dissemination and implementation of culturally relevant environmental risk messaging, and promotion of EHL through visual technologies. Authoritative entries by experts also focus on important approaches to advancing EHL through community-engaged research and by engaging teachers and students at an early age through developing innovative STEM curriculum. The significance of theater is highlighted by describing the use of an interactive theater experience as an approach that enables community residents to express themselves in non-verbal ways.

**Francesco Petrarch Rime Disperse** Joseph A. Barber,2020-12-18 First published in 1991. It was the lyric poetry of Petrarch that popularized the sonnet in European literature, that set the standard for love poetry for centuries to follow. Compared to the large volume of prose, poetry and notes in Latin, the corpus of Petrarch’s Italian writings is small: the 366 poems that make up the Canzoniere, the 2000 or so verses of the Trionfi, and an undetermined number of poems, drafts and fragments that comprise what we call the Rime disperse. This collection includes indexes of first lines in both Italian and English.

**Law Reports of Trials of War Criminals** United Nations War Crimes Commission,1947

Crimes against Humanity M. Cherif Bassiouni,2011-04-25 This book traces the evolution of crimes against humanity (CAH) and their application from the end of World War I to the present day, in terms of both historic legal analysis and subject-matter content. The first part of the book addresses general issues pertaining to the categorization of CAH in normative jurisprudential and doctrinal terms. This is followed by an analysis of the specific contents of CAH, describing its historic phases going through international criminal tribunals, mixed model tribunals and the International Criminal Court. The book examines the general parts and defenses of the crime, along with the history and jurisprudence of both international and national prosecutions. For the first time, a list of all countries that have enacted national legislation specifically directed at CAH is collected, along with all of the national prosecutions that have occurred under national legislation up to 2010.

Petrarch and Dante Zygmunt G. Baranski,Theodore J. Cachey,2009-08-15 Since the beginnings of Italian vernacular literature, the nature of the relationship between Francesco Petrarch (1304-1374) and his predecessor Dante Alighieri (1265-1321) has remained an open and endlessly fascinating question of both literary and cultural history. In this volume nine leading scholars of Italian medieval literature and culture address this question involving the two foundational figures of Italian literature. Through their collective reexamination of the question of who and what came between Petrarch and Dante in ideological, historiographical, and rhetorical terms, the authors explore the emergence of an anti-Dantean polemic in Petrarch's work. That stance has largely escaped scrutiny, thanks to a critical tradition that tends to minimize any suggestion of rivalry or incompatibility between them. The authors examine Petrarch's contentious and dismissive attitude toward the literary authority of his illustrious predecessor; the dramatic shift in theological and philosophical context that occurs from Dante to Petrarch; and their respective contributions as initiators of modern literary traditions in the vernacular. Petrarch's substantive ideological dissent from Dante clearly emerges, a dissent that casts in high relief the poets' radically divergent views of the relation between the human and the divine and of humans' capacity to bridge that gap.
