Carlos Villa Mark Dean Johnson,Trisha Lagaso Goldberg,Sherwin Rio,2022-01-25 Carlos Villa has been described as the preeminent Filipino American artist--a legend in artistic circles for his groundbreaking approaches and his influence on countless artists--but he remains little known to many fans and scholars of modern and contemporary art. Carlos Villa: Worlds in Collision is the first museum retrospective of his work, presented at the San Francisco Art Institute and the Asian Art Museum of San Francisco. Villa was trained at the San Francisco Art Institute in the 1950s as an abstract expressionist, and over time he transformed his practice to address issues of ethnic and cultural diversity. He concurrently assumed a leadership role in 'Third World' and 'multicultural' international art movements, and his large-scale works reference non-Western traditions, including tattoo, scarification, ritual, and ceremony. He was also an important theorist, curator, and organizer of public forums that he called 'actions.' This book traces the arc of his career from 1969 until his death in 2013, with emphasis on his feathered works from the 1970s, as well as later works that address aspects of the history of Filipinos in the United States. It illuminates the social and cultural roots--and global importance--of Villa's art and teaching career as he sought to forge a new kind of art-world inclusion that reflected his own experience, commitment to diversity, and boundary-bending imagination--

From Trent to Vatican II Raymond F. Bulman,Frederick J. Parrella,2006-05-25 The second Vatican Council was convened by Pope John XXIII between 1962 and 1965. It marked a fundamental shift toward the modern Church and its far-reaching innovations replaced or radically changed many of the practices, rules, and attitudes that had dominated Catholic life and culture since the Council of Trent in the sixteenth century. In this book a distinguished team of historians and theologians offers an impartial investigation of the relationship between Vatican II and Trent by examining such issues as Eucharistic theology, liturgical change, clerical reform, the laity, the role of women, marriage, confession, devotion to Mary, and interfaith understanding. As the first book to present such a comprehensive study of the connection between the two great Councils, this is an invaluable resource for students, theologians, and church historians, as well as for bishops, clergy, and religious educators.

Ferguson's Gang Polly Bagnall,Sally Beck,2015-11-26 1927. Britain's heritage is vanishing. Beautiful landscapes are being bulldozed. Historic buildings are being blown up. Stonehenge is collapsing. Enter Ferguson's Gang, a mysterious and eccentric group of women who help the National Trust to fight back. The Gang raise huge sums, which they deliver in delightfully strange ways: Victorian coins inside a fake pineapple, a one hundred pound note stuffed inside a cigar, five hundred pounds with a bottle of homemade sloe gin. Their stunts are avidly reported in the press, and when they make a national appeal for the Trust, the response is overwhelming. Ferguson's Gang is instrumental in saving places from Cornwall to the Lake District, a legacy of incalculable value. Yet somehow these women stay anonymous, hiding behind masks and bizarre pseudonyms such as Bill Stickers, Red Biddy, the Bludy Beershop and Sister Agatha. They carefully record their exploits, their rituals, even their elaborate picnics, but they take their real names to the grave. Now Sally Beck and Polly Bagnall can reveal the identities of these unlikely national heroes and tell the stories of their fascinating and often unconventional lives. With the help of relatives, colleagues and friends, we can finally get to know the women who combined a serious mission with such a sense of mischief.

HC 739 - Linking Emissions Trading Systems Great Britain. Parliament. House of Commons. Energy and Climate Change Committee, 2015-02-17 Carbon pricing is a necessary element in spurring climate change mitigation action. In this report it's argued that emissions trading, as an established and well recognised policy instrument for controlling greenhouse gas emissions, is increasingly popular and spreading around the world. As they develop, emissions trading systems should be designed so that they are compatible with each other. Aligning design elements early on will help improve the prospects of linking different systems in future and, therefore, maximise opportunities for cost-effective emissions reductions. As the world's oldest and largest market, the EU Emission Trading System will play a critical role in facilitating linking between different markets. Before it can do this, however, it must be seen as a credible market. The issue of surplus allowances must be addressed urgently and there should be moves to remove these from the system as soon as possible. Any new climate agreement must crucially allow parties to meet their Intended Nationally Determined Contribution's (INDCs) by transferring parts of their contributions to other parties and financing emissions reduction activities in other countries. The use of carbon markets will greatly improve the prospects of keeping global average temperatures below 2°C. Any agreement reached at the UNFCCC COP 21 in Paris at the end of 2015 should promote the use of carbon markets and facilitate the future linking of emissions trading systems. The UNFCCC could also play a critical role in providing basic standards including monitoring, reporting and verification.

Rorschach (2020-) #7 Tom King,2021-04-13 Wil Myerson might have been the creator of Pontius Pirate, the most popular comic in history, before he put on the Rorschach mask and tried to kill a would-be president, but he’s not the only artist who worked on the character. Other artists fell under Wil’s influence, and now all these years later, his more renowned acolyte has fallen sway to Laura, the #1 Myerson superfan. Is it possible she influenced another comic book legend into playing vigilante? The key here is that tape the detective is trying to decipher, the one with the séance that has been haunting him since the very first issue! All this and a cameo by Dr. Manhattan to boot!
