The Magic Mirror Denise Jeanne Youngblood, 1999
Youngblood provides a cultural perspective of an era traditionally viewed through a revolutionary lens, exploring how films and the film industry illuminate and reflect the popular attitudes of a turbulent time.

Still David S. Shields, 2013-06-18 The success of movies like *The Artist* and *Hugo* recreated the wonder and magic of silent film for modern audiences, many of whom might never have experienced a movie without sound. But while the American silent movie was one of the most significant popular art forms of the modern age, it is also one that is largely lost to us, as more than eighty percent of silent films have disappeared, the victims of age, disaster, and neglect. We now know about many of these cinematic masterpieces only from the collections of still portraits and production photographs that were originally created for publicity and reference. Capturing the beauty, horror, and moodiness of silent motion pictures, these images are remarkable pieces of art in their own right. In the first history of still camera work generated by the American silent motion picture industry, David S. Shields chronicles the evolution of silent film aesthetics, glamour, and publicity, and provides unparalleled insight into this influential body of popular imagery. Exploring the work of over sixty camera artists, *Still* recovers the stories of the photographers who descended on early Hollywood and the stars and starlets who sat for them between 1908 and 1928. Focusing on the most culturally influential types of

photographs—the performer portrait and the scene still—Shields follows photographers such as Albert Witzel and W. F. Seely as they devised the poses that newspapers and magazines would bring to Americans, who mimicked the sultry stares and dangerous glances of silent stars. He uncovers scene shots of unprecedented splendor—visions that would ignite the popular imagination. And he details how still photographs changed the film industry, whose growing preoccupation with artistry in imagery caused directors and stars to hire celebrated stage photographers and transformed cameramen into bankable names. Reproducing over one hundred and fifty of these gorgeous black-and-white photographs, Still brings to life an entire long-lost visual culture that a century later still has the power to enchant.

Hollywood Movie Stills Joel Waldo Finler, 2008
Marlene Dietrich, Greta Garbo, Clark Gable, Marilyn Monroe . . . it is through the eye of the stills camera that we experience and recall some of the cinema's most memorable events and faces. Still images are so powerful that they can easily pass for actual scenes from the movies they represent—rather than separately posed, lighted, and photographed shots that may not even find their way into the finished film. This classic study traces the origin of stills photography during the silent era and the early development of the star system, to the rise of the giant studios in the 1930s and their eventual decline. Finler focuses on the photographers, on the stars they photographed, and on many key films and filmmakers. *Hollywood Movie Stills* is illustrated

by hundreds of rare and unusual stills from the author's own collection, including not only portraits and scene stills but production shots, behind-the-scenes photos, poster art, calendar art, leg shots, photo collages, and trick shots. There are also photos showing the stars' private lives and special events in Hollywood, all produced in vast numbers by the great studios in their heyday.

Ruth Harriet Louise and Hollywood Glamour Photography Robert Dance, Bruce

Robertson, 2002-05-06 In her career, Louise photographed all the stars, contract players, and many of the hopefuls who passed through the studios' front gates. This book, which coincides with a traveling retrospective of Louise's work, is the first collection of her exquisite photos. 97 photos.

Movie Mavens Richard Abel, 2021-10-19 During the early era of cinema, moviegoers turned to women editors and writers for the latest on everyone's favorite stars, films, and filmmakers. Richard Abel returns these women to film history with an anthology of reviews, articles, and other works. Drawn from newspapers of the time, the selections show how columnists like Kitty Kelly, Mae Tinee, Louella Parsons, and Genevieve Harris wrote directly to female readers. They also profiled women working in jobs like scenario writer and film editor and noted the industry's willingness to hire women. Sharp wit and frank opinions entertained and informed a wide readership hungry for news about the movies but also about women on both sides of the camera. Abel supplements the

texts with hard-to-find biographical information and provides context on the newspapers and silent-era movie industry as well as on the professionals and films highlighted by these writers. An invaluable collection of rare archival sources, *Movie Mavens* reveals women's essential contribution to the creation of American film culture.

Wink Ed Hotelling, 2006-03-22 May be the most fascinating untold sports story in American history.--Charles Osgood, anchor, CBS News Sunday Morning Winkfield's story is so incredible you'll find yourself wondering why you've never heard it before.--MSNBC Winkfield's life (is) an unbelievable ride.--ESPN For once, a book's breathless subtitle is accurate.--The Washington Post This is the stuff of great nonfiction.--Douglas Brinkley, author of *Tour of Duty: John Kerry and the Vietnam War* In 1904, at age twenty-three, two-time Kentucky Derby-winner Jimmy Winkfield was forced from American horseracing by a virulent combination of racism and hard times. Wink left his beloved Kentucky, bought a steamer ticket for Europe, and made the world his racetrack. There he embarked on a decades-long odyssey, rising to superstardom and winning and losing two fortunes. Driven at gunpoint from Russia by the Bolshevik Army and from France by Nazi occupiers, the 105-pound jockey proved himself the most resilient, courageous athlete of the twentieth century. In 2005, Winkfield was inducted into America's horse racing Hall of Fame. Winkfield achieved a human greatness that transcends the limits of sport. In *Wink*, Ed

Hotaling tells this wonderful story--this American story--in all its rich and vibrant power.

Translocas Lawrence La Fountain-Stokes, 2021-04-05 Translocas focuses on drag and transgender performance and activism in Puerto Rico and its diaspora. Arguing for its political potential, Lawrence La Fountain-Stokes explores the social and cultural disruptions caused by Latin American and Latinx “locas” (effeminate men, drag queens, transgender performers, and unruly women) and the various forms of violence to which queer individuals in Puerto Rico and the U.S. are subjected. This interdisciplinary, auto-ethnographic, queer-of-color performance studies book explores the lives and work of contemporary performers and activists including Sylvia Rivera, Nina Flowers, Freddie Mercado, Javier Cardona, Jorge Merced, Erika Lopez, Holly Woodlawn, Monica Beverly Hillz, Lady Catiria, and Barbra Herr; television programs such as RuPaul’s Drag Race; films such as Paris Is Burning, The Salt Mines, and Mala Mala; and literary works by authors such as Mayra Santos-Febres and Manuel Ramos Otero. Lawrence La Fountain-Stokes, a drag performer himself, demonstrates how each destabilizes (and sometimes reifies) dominant notions of gender and sexuality through drag and their embodied transgender expression. These performances provide a means to explore and critique issues of race,

class, poverty, national identity, and migratory displacement while they posit a relationship between audiences and performers that has a ritual-like, communal dimension. The book also analyzes the murders of Jorge Steven López Mercado and Kevin Fret in Puerto Rico, and invites readers to challenge, question, and expand their knowledge about queer life, drag, trans performance, and Puerto Rican identity in the Caribbean and the diaspora. The author also pays careful attention to transgender experience, highlighting how trans activists and performers mold their bodies, promote social change, and create community in a context that oscillates between glamour and abjection.
