The War Verity A. Buchanan,2022-10-04 Icon of prosperity and security to the public eye, Orden hides many a weakness underneath. When a jealous feud spanning manslaughter, trade rights, and generations erupts to life, the politics of nations suddenly become an everyday concern for young Mordred Kenhelm, whose civilian life is uprooted in the first upheavals of war. Mordred is on the run—from guilt, from trauma, and from a vicious bitterness destroying him from the inside out. He's all too eager to escape into the recklessness of every high-risk mission that comes his way. But wounds cannot be neglected forever, and seeking to do so may put more lives than his own at risk. The War follows the villagers we know and love as their paths diverge and converge over the waves of a brutal conflict. It descends into the complexities of loss, loyalty, and forgiveness, and demonstrates the poison of hatred and the vital need of repentance. It is a story of the broken who heal, a story of coming home.

Basque-English, English-Basque Dictionary Gorka Aulestia,Linda White,2021-09-01 This pocket-sized Basque-English, English-Basque dictionary was designed for a broad audience—students, teachers, people of Basque descent, and travelers—and contains definitions of the most commonly used Basque and English words. This compact softcover volume is the condensed version of the two larger dictionaries, Basque-English Dictionary and English-Basque Dictionary. These two comprehensive reference works were highly praised by critics and well received by the public. Prepared by two scholars of the Basque language, this streamlined volume is an indispensable aid for students, travelers, and those who need to translate quickly between Basque and English. The unified Batua dialect is emphasized.

English-Basque Dictionary Gorka Aulestia,Linda White,2021-09-27 With over 25,000 English entries and their Basque equivalents in six major dialects, this volume is the most complete reference to the Basque language to date for English-speaking people. This useful resource is the very first of its kind to become available to both the casual student and the serious scholar of the Basque language. The Biscayan, Guipuzcoan, Labourdin, Low Navarrese, Zuberoan, and Batua dialects are included in order to cover all the different regional and formal dialects used in the body of Basque literature, both written and oral, and to present the language in a form familiar to American Basques who may know little of Batua. Whenever possible, the authors also include words relating to modern society.
