Victoria & Abdul (Movie Tie-In) Shrabani Basu, 2017-08-29 Soon to be a Major Motion Picture starring Dame Judi Dench from director Stephen Frears, releasing September 22, 2017. History's most unlikely friendship—this is the astonishing story of Queen Victoria and her dearest companion, the young Indian Munshi Abdul Karim. In the twilight years of her reign, after the devastating deaths of her two great loves—Prince Albert and John Brown—Queen Victoria meets tall and handsome Abdul Karim, a humble servant from Agra waiting tables at her Golden Jubilee. The two form an unlikely bond and within a year Abdul becomes a powerful figure at court, the Queen's teacher, her counsel on Urdu and Indian affairs, and a friend close to her heart. This marked the beginning of the most scandalous decade in Queen Victoria's long reign. As the royal household roiled with resentment, Victoria and Abdul's devotion grew in defiance. Drawn from secrets closely guarded for more than a century, *Victoria & Abdul* is an extraordinary and intimate history of the last years of the nineteenth-century English court and an unforgettable view onto the passions of an aging Queen.

Dafidi and Abdul Joe Ordia, 2009-11 Dafidi and Abdul met in high school and they developed a strong friendship almost immediately. Though one is Jewish and the other Arab, they did not let their ethnic differences get in the way. They attended Boston College where they both played basketball; with Dafidi leading BC to the national playoffs. Then, Abdul was stricken with renal failure and discovered that he needed a kidney transplant. Dafidi was tested and he was a perfect match with Abdul. He offered to donate a kidney after the championship game. But, just prior to the big game, Abdul took a turn for the worse, and Dafidi had to make a decision: forsake his friend, or forgo the championship and save his friend. The decision was easy for Dafidi. He calmly declared, There are things in life that are more important than basketball. Dafidi was dressed for the championship game, but no one really expected him to play, having donated a kidney only one week earlier. A technical foul was called against Louisville with the score tied and only two seconds to go and Dafidi was called to take the shot. Would Dafidi save the day and the game? According to religious scholar Thomas Henshaw, This book is really about the expression of God's love through the friendship between Dafidi and Abdul.

Heavenly Voice Tarek Abdul Basit, Widely considered to be one of the greatest Quran reciters of the modern era, Abdul Basit Abdus Samad received the global acclaim that no other Quran reciter has received to this day. Born in 1927 in a village in Upper Egypt, he finished memorising the entire Quran by heart at the tender age of ten. He also learnt the seven styles of Quran recitation by the age of twelve and the ten styles of Quran recitation by the age of fourteen. In 1951, at the age of nineteen, he went to the capital Cairo for the first time and recited the Quran at Zaynab Mosque. It was an event where many famous Quran reciters were present. His performance was so outstanding that the crowd requested him to recite beyond his allocated ten minutes – in fact, he continued to recite for over an hour and a half. There began his journey of ascension. In the same year, he started reciting the Quran on Egyptian National Radio. Abdul Basit later went on to win three international Quran competitions in the seventies and toured the world mesmerising audiences with his breathtaking recitation. He was the founding president of the Union of Quran Reciters in Egypt. He was dubbed the “Golden Throat and the Voice of Heaven” due to his melodious style, remarkable breath control, and unique emotional and engaging tone. His legacy remains unmatched as Quran reciters across the world attempt to imitate his unique and mesmerising style. This profile charts his journey from a village in Upper

Egypt to international fame and recognition.

Becoming Kareem Kareem Abdul-Jabbar, Raymond Obstfeld, 2017-11-21 The first memoir for young readers by sports legend Kareem Abdul-Jabbar. At one time, Lew Alcindor was just another kid from New York City with all the usual problems: He struggled with fitting in, with pleasing a strict father, and with overcoming shyness that made him feel socially awkward. But with a talent for basketball, and an unmatched team of supporters, Lew Alcindor was able to transform and to become Kareem Abdul-Jabbar. From a childhood made difficult by racism and prejudice to a record-smashing career on the basketball court as an adult, Kareem Abdul-Jabbar's life was packed with coaches who taught him right from wrong and led him on the path to greatness. His parents, coaches Jack Donahue and John Wooden, Muhammad Ali, Bruce Lee, and many others played important roles in Abdul-Jabbar's life and sparked him to become an activist for social change and advancement. The inspiration from those around him, and his drive to find his own path in life, are highlighted in this personal and awe-inspiring journey. Written especially for young readers, *Becoming Kareem* chronicles how Kareem Abdul-Jabbar became the icon and legend he is today, both on and off the court.

Muslim Cool Su'ad Abdul Khabeer, 2016-12-06 Interviews with young Muslims in Chicago explore the complexity of identities formed at the crossroads of Islam and hip hop. This groundbreaking study of race, religion and popular culture in the 21st century United States focuses on a new concept, "Muslim Cool." Muslim Cool is a way of being an American Muslim—displayed in ideas, dress, social activism in the 'hood, and in complex relationships to state power. Constructed through hip hop and the performance of Blackness, Muslim Cool is a way of engaging with the Black American experience by both Black and non-Black young Muslims that challenges racist norms in the U.S. as well as dominant ethnic and religious structures within American Muslim communities. Drawing on over two years of ethnographic research, Su'ad Abdul Khabeer illuminates the ways in which young and multiethnic US Muslims draw on Blackness to construct their identities as Muslims. This is a form of critical Muslim self-making that builds on interconnections and intersections, rather than divisions between "Black" and "Muslim." Thus, by countering the notion that Blackness and the Muslim experience are fundamentally different, Muslim Cool poses a critical challenge to dominant ideas that Muslims are "foreign" to the United States and puts Blackness at the center of the study of American Islam. Yet Muslim Cool also demonstrates that connections to Blackness made through hip hop are critical and contested—critical because they push back against the pervasive phenomenon of anti-Blackness and contested because questions of race, class, gender, and nationality continue to complicate self-making in the United States.

Healing Politics Abdul El-Sayed, 2020-03-31 A memoir about restoring the health of our people, and our democracy, from a physician and "one of the brightest young stars" of the progressive movement (Sen. Bernie Sanders). A child of immigrants, Abdul El-Sayed grew up feeling a responsibility to help others. He threw himself into the study of medicine and excelled—winning a Rhodes Scholarship, earning two advanced degrees, and landing a tenure-track position at Columbia University. At thirty, he became the youngest city health official in America, tasked with rebuilding Detroit's health department after years of austerity policies. But El-Sayed found himself disillusioned. He could heal the sick—even build healthier, safer communities—but that wouldn't address the social and economic conditions causing illness in the first place. So he left health for politics, running for Governor of Michigan and earning the support of progressive champions like Congresswoman Alexandria Ocasio-Cortez and Senator Bernie Sanders. This memoir traces the life of a young idealist, weaving together powerful personal stories and fascinating forays into history and science. Marrying

his unique perspective with the science of epidemiology, El-Sayed diagnoses an underlying epidemic afflicting our country, an epidemic of insecurity. And to heal the rifts this epidemic has created, he lays out a new direction for the progressive movement. This is a bold, personal, and compellingly original book from a prominent young leader. "In Healing Politics, Abdul El-Sayed doesn't just diagnose the causes of our broken politics; he gives us a prescription and treatment plan." –Representative Pramila Jayapal

The Nature of Tyranny Abdul Rahman Al-Kawakibi, 2022-05-01 *The Nature of Tyranny* was written and published at the dawn of the twentieth century by Abdul Rahman Al-Kawakibi, one of the pioneering thinkers of the Arab world. More than a century later, another Arab awakening exploded, led by a new generation of youth who chanted Al-Kawakibi's words in revolutionary cries from Aleppo, his hometown, to Cairo's Tahrir Square. Today this seminal text appears in English for the first time, with a foreword from Leon T. Goldsmith offering an overview of Al-Kawakibi's intellectual contributions. The first chapter of the text provides a definition of tyranny, presenting it as akin to a sickness or malaise that seeps into all classes of society, leaving behind decay. The following seven chapters apply this conception of tyranny to what Al-Kawakibi sees as society's crucial elements: religion, knowledge, honor, economy, ethics and progress. Having laid a theoretical framework for understanding the centrality of tyranny, its characteristics and its devastating effects, Al-Kawakibi concludes by setting forth a brief program for remedying the 'disease' of tyranny. The final chapter outlines another book in which he had planned to elaborate upon his ideas-but, ultimately, his fate arrived too soon.

Writings on the Wall Kareem Abdul-Jabbar, Raymond Obstfeld, 2016-08-23 A New York Times and Washington Post Bestseller Bestselling author, basketball legend and cultural commentator Kareem Abdul-Jabbar explores the heart of issues that affect Americans today. Since retiring from professional basketball as the NBA's all-time leading scorer, six-time MVP, and Hall of Fame inductee, Kareem Abdul-Jabbar has become a lauded observer of culture and society, a New York Times bestselling author, and a regular contributor to The Washington Post, TIME magazine and TIME.com. He now brings that keen insight to the fore in Writings on the Wall: Searching for a New Equality Beyond Black and White, his most incisive and important work of non-fiction in years. He uses his unique blend of erudition, street smarts and authentic experience in essays on the country's seemingly irreconcilable partisan divide – both racial and political, parenthood, and his own experiences as an athlete, African-American, and a Muslim. The book is not just a collection of expositions; he also offers keen assessments of and solutions to problems such as racism in sports while speaking candidly about his experiences on the court and off. Timed for publication as the nation debates whom to send to the White House, the combination of plain talk on issues, life lessons, and personal stories places Writings on the Wall squarely in the middle of the conversation, as many of Abdul-Jabbar's topics are at the top of the national agenda. Whether it is sparring with Donald Trump, within the pages of TIME magazine, or full-length features in the The New York Times Magazine, writers, critics, and readers have come to agree on what The Washington Post observed: Abdul-Jabbar has become a vital, dynamic and unorthodox cultural voice.

The Image of Mahatma Gandhi in Modern Arabic Literature Abdul Ali, 2018-12-30 A huge body of literature has been produced on the life and contribution of Mahatma Gandhi in different languages of the world. The Arabic language is no exception. The Indian freedom movement under the leadership of Gandhi had a great impact on the Arab intelligentsia who nourished the nationalist momentum of the Arab masses. Greatly inspired by the Indian national movement for freedom launched on secular lines, the Arabs

started paying attention to India's historical background of independence as well as to its vast moral and spiritual potentialities. The leaders of the rising Arab nationalism looked eagerly to India for inspiration, thereby marking the beginning of the restoration of the age-old Indo-Arab relations that had suffered a temporary setback following the falling of both India and the Arab world under foreign domination. The teachings and principles of Mahatma Gandhi attracted the attention of Arab intelligentsia and men of letters. In the course of time he became so popular in the Arab world that all his minor and major activities were sympathetically reported in the Egyptian press. Several renowned Arab journalists, writers and poets wrote articles, books and poetical compositions on different aspects of the life of Gandhi which cannot be neglected by historians while making an overall assessment of his life and personality. The present book is the first systematic attempt at illuminating his image as reflected in the voluminous modern Arabic literature produced on him in both prose and poetry.
