*The Protest Handbook* Tom Wainwright, Anna Morris, Owen Greenhall, Lochlinn Parker, 2020-12-01 “A book like this that sets out the law relevant to protest is essential for campaigners and activists. But it's not just a guide to legal rights when protesting, it's also a handbook for the defence of civil disobedience and non-violent direct action in our democracy. That makes it essential reading for us all.” Caroline Lucas MP, in her Foreword to the Second Edition *The Protest Handbook*, Second Edition is a clear and accessible guide to protest law, which brings together both the criminal and civil aspects of this area of law and explains complex legal issues in a user-friendly format. The authors guide practitioners and non-practitioners through the various issues and proceedings, covering the following: protestors' rights and police powers; criminal proceedings; common offences and defences; the law on occupations; challenging injunctions; and holding the police to account. The Second Edition covers all the core legislation and case law including: Public Order Act 1986; Criminal Justice and Public Order Act 1994; Human Rights Act 1998; *Boddington v BTP*, *Rice v Connolly* and *R (Laporte) v Chief Constable of Gloucestershire* as well as more recent developments such as:

Anti-Social Behaviour Crime and Police Act 2014; The Police (Conduct) Regulations 2020; James v DPP (2016); R (DPP) v Stratford MC (2017); DPP v Ziegler (2019); R v Roberts (2019); Catt v UK (2019); Canada Goose v Persons Unknown (2020); INEOS v Boyd (2020); R (Jones) v Commissioner of Police for the Metropolis (2020). This is an essential guide for all legal practitioners working in this area, as well as for organisations and groups who provide advice and support for protestors and, of course, for protestors themselves.

### **Cornerstone on the Planning Court Cornerstone**

Barristers, 2021-03-31 Cornerstone on the Planning Court, Second Edition provides a detailed review and analysis of the work of the Planning Court, as well as providing a practical and tactical guide to planning judicial review and related statutory challenges. Written by a team of specialist barrister practitioners from Cornerstone Barristers led by Michael Bedford QC (General Editor), it brings relevant material relating to the Planning Court together in a single place, and provides: - An explanation of the new procedures as they are developing in practice - Key tactical advice tailored to those who may be involved in either bringing or resisting claims by analysing the powers, procedures and jurisprudence of the

Planning Court -Chapters on the role of the courts in planning decisions and the key legal principles in Planning Court claims - An examination of litigation costs Fully revised and restructured, the Second Edition is invaluable to those with an interest in all aspects of planning and public law claims, whether lawyers, planning authorities, other statutory bodies, organisations, developers or action groups and individuals. This book forms part of the successful 'Cornerstone on...' series of authoritative titles published by Bloomsbury Professional.
