Judicial Review Jonathan Auburn,Jonathan Moffett,Andrew Sharland,2013-03-21 Covering all of the substantive grounds on which a claim may be brought, this definitive new work provides unrivalled analysis and guidance on the law of judicial review. Written by three experienced practitioners, Judicial Review: Principles and Procedure includes chapters on the most common grounds for bringing a claim, such as procedural fairness and irrationality, but also covers emerging grounds such as delay on the part of public bodies and error of fact. In addition, the authors provide a separate, detailed treatment of areas such as administrative policies and the public sector equality duty. Each element of this complex area of law is carefully broken down to ensure that answers are always easy to find and, where the law is in doubt, the dispute is concisely stated and the view most likely to be preferred by the courts is expressed. The book analyses in detail the issues that are likely to arise in practice, with thorough and up-to-date reference to case law throughout. It incorporates the jurisprudence arising out of the Human Rights Act 1998, providing practitioners with a complete yet practical treatment of each relevant topic. The book contains comprehensive coverage of procedural matters in each stage of a claim, from pre-action to costs, and includes a chapter on European Union law from Marie Demetriou QC of Brick Court Chambers, providing a uniquely full treatment of all the issues which might be encountered in practice.

Discrimination Law Aileen McColgan KC,2023-04-20 This textbook offers comprehensive coverage of the Equality Act 2010 and deals also with the equality aspects of the Human Rights Act 1998 and European Convention on Human Rights. It encourages critical analysis of equality law to equip the reader with an understanding of the enduring challenges that frame equality law and contemporary responses to those challenges. New content includes a chapter on age discrimination and analysis of the Public Sector Equality Duty. Structured so as to be accessible to the student approaching discrimination law for the first time, the book is also sufficiently detailed and analytical to appeal to the well-informed reader, and to provide those engaged in research with a solid base for further independent study. For the undergraduate student studying discrimination law as a free-standing subject or as part of a wider course, the book provides a one-stop shop. This book is also a key core text for any postgraduate discrimination law course.

A Research Agenda for Administrative Law Carol Harlow,2023-02-14 With the aim of expanding legal scholarly imagination, this Research Agenda takes a tripolar approach to administrative law. It opens the boundaries of administrative law scholarship to new subject areas, exemplifies and opens for consideration several different attitudes to research, and illustrates a multiplicity of different ways of writing about the subject.

The Human Right to Property Douglas Maxwell,2022-07-14 “This is an excellent work. It is deeply researched, and the analysis of case law will prove very valuable to practitioners and academics seeking a synthesis of the law on an issue”. The Rt. Hon. Lord Justice Green, Judge of the Court of Appeal of England and Wales and Chair of the Law Commission “A valuable contribution to the jurisprudence on Article 1 Protocol No.1 and of much interest to both property and human rights lawyers” Professor Sarah Nield, University of Southampton “The pervasiveness of A1P1 through contemporary property law makes this a serious and comprehensive study. This book masterfully interweaves theory and doctrinal law. It is both timely and necessary for academics and practitioners working in this area.” David Sawtell, 39 Essex Chambers and Cambridge University This book provides a highly detailed, practical analysis of Article 1 of Protocol No.1 (A1P1) and its implications in the United Kingdom. A1P1 prescribes a qualified right to the peaceful enjoyment of 'possessions'. This right corresponds to a negative limit on legislators and public authorities to rationalise interferences with possessions and, where necessary, to strike a fair balance, often requiring just compensation. Through lively and rigorous commentary on the latest advances made by the European Court of Human Rights and domestic courts, The Human Right to Property enriches current understanding of the peaceful enjoyment of property since the enactment of the Human Rights Act 1998. Exploring the theoretical and political foundations of A1P1, the book guides the reader through the relevant case law from the earliest developments in Strasbourg to the present day. The Human Right to Property concludes that the most significant impacts of A1P1 are that it: forces States to justify interferences; limits radical redistributions of property; and casts a wider shadow over legislative choice and public body decision-making.

The Law of Compulsory Purchase Richard Honey KC,James Pereira KC,Caroline Daly,Rebecca Clutten,2022-02-28 Setting out the practice, procedure, policy and compensation provisions applying to a compulsory purchase, this new edition is updated to include all relevant case law, legislation, policy and guidance since the third edition, including: - the Upper Tribunal (Lands Chamber) Practice Directions, October 2020 - the implementation of the Neighbourhood Planning Act 2017 - changes in secondary legislation (including the Tribunal procedure rules) - changes in policy and guidance (especially the guidance for Wales and the Tribunal practice directions) It enables you to: -find clear statements of the law and practice on all points that relate to compulsory purchase and compensation -understand the detailed analysis necessary to grapple with tricky points encountered in practice -access cross-references to legislation, key case law and guidance, easily As it simplifies what can be simplified and explains with clarity any difficult areas, it is the one guide you need to help you access and assimilate all the statutes, of varying antiquity and judicial decisions, that relate to compulsory purchase and compensation. It describes the law, practice, procedure, policy and compensation for a compulsory purchase, and provides a summarised statement of the law, complete with footnotes to enable you to access further information. It also includes a full explanation of the scope of powers to acquire land compulsorily and the exercise of the powers and principles of compensation. This title is included in Bloomsbury Professional's Local Government Law online service.

Legal Professional Privilege Jonathan Auburn,2000-06-20 In the Commonwealth,the principle of legal professional privilege has been treated as almost sacrosanct and in consequence, derogations from it have been rare. The traditional view is that, despite resulting unfairness, the rule must be absolute in order to achieve its stated goals. This view is challenged here through an examination of the structure of and exceptions to the privilege. Auburn argues that the claims made of the rule in the past have been overstated and that the privilege is more robust than widely assumed. Being dependent on patterns of client behaviour, it can accommodate change, while still fulfilling its essential function. Having examined the theory, structure and main derogations from the privilege, the author asserts that we should be more sceptical of the claims made of the privilege, and in appropriate circumstances should give more weight to the values underlying the disclosure of evidence. This thoughtful analysis presents a new approach to the issue of legal professional privilege. It offers a thorough exploration of the principles underlying the privilege and takes a Commonwealth-wide approach, covering the law in England, Australia, Canada, New Zealand and South Africa, as well as drawing on relevant principles from European and United States law.

Education and the Courts J. Richard McManus,2012 This authoritative new edition takes account of the substantial changes in legislation and case-law since the last edition and is a must for those practising education law in private practice or in a local authority.

Communicative Competence for Individuals who Use AAC Janice Catherine Light,David R. Beukelman,Joe Reichle,2003 Relevant for children and adults at all stages of communication development, this work should be of use to rehabilitation professionals who work with AAC users. It covers linguistic competence, operational competence, social competence, and strategic competence.

Augmentative and Alternative Communication David R. Beukelman,Pat Mirenda,2012 The fourth edition of the foundational, widely adopted AAC textbook Augmentative and Alternative Communication is the definitive introduction to AAC processes, interventions, and technologies that help people best meet their daily communication needs. Future teachers, SLPs, OTs, PTs, and other professionals will prepare for their work in the field with critical new information on advancing literacy skills; conducting effective, culturally appropriate assessment and intervention; selecting AAC vocabulary tailored to individual needs; using new consumer technologies as affordable, nonstigmatizing communication devices; promoting social competence supporting language learning and development; providing effective support to beginning communicators; planning inclusive education services for students with complex communication needs; and improving the communication of people with specific developmental disabilities and acquired disabilities. An essential core text for tomorrow's professionals--and a key reference for in-service practitioners--this fourth edition prepares readers to support the communicative competence of children and adults with a wide range of complex needs.
