**America in Italy** Axel Körner,2017-06-13 America in Italy examines the influence of the American political experience on the imagination of Italian political thinkers between the late eighteenth century and the unification of Italy in the 1860s. Axel Körner shows how Italian political thought was shaped by debates about the American Revolution and the U.S. Constitution, but he focuses on the important distinction that while European interest in developments across the Atlantic was keen, this attention was not blind admiration. Rather, America became a sounding board for the critical assessment of societal changes at home. Many Italians did not think the United States had lessons to teach them and often concluded that life across the Atlantic was not just different but in many respects also objectionable. In America, utopia and dystopia seemed to live side by side, and Italian references to the United States were frequently in support of progressive or reactionary causes. Political thinkers including Cesare Balbo, Carlo Cattaneo, Giuseppe Mazzini, and Antonio Rosmini used the United States to shed light on the course of their nation's political resurgence. Concepts from Montesquieu, Rousseau, and Vico served to evaluate what Italians discovered about America. Ideas about American domestic manners were reflected and conveyed through works of ballet, literature, opera, and satire. Transcending boundaries between intellectual and cultural history, America in Italy is the first book-length examination of the influence of America's political formation on modern Italian political thought.

**Mafia Prince** Phil Leonetti,2014-04-29 CONTAINS A NEW EPILOGUE! Mafia Prince is the first-person account of one of the most violent eras in Mafia history –“Little” Nicky Scarfo's reign as boss of the Philly family in the 1980s–written by Scarfo's underboss and nephew, “Crazy” Phil Leonetti. The youngest-ever underboss at the age of 31, Leonetti was at the crux of the violent downfall of the traditional American Mafia in the 1980s when he infiltrated Atlantic City after gambling was legalized, and later turned state's evidence against his own. His testimony directly led to the convictions of dozens of high-ranking made men including John Gotti, Vincent Gigante, and his own uncle, Nicky Scarfo–sparking the beginning of the end of La Cosa Nostra. Just as The Godfather and Boardwalk Empire defined the early 20th century Mafia, and Wiseguy and Casino depicted the next great era through the '70s, Mafia Prince concludes this epic genre revealing the Mafia's violent final heyday of the 1980s– straight from the horse's mouth.

Papers of the British School at Rome British School at Rome,2007

**Giovan Pietro Bellori: The Lives of the Modern Painters, Sculptors and Architects** Giovanni Pietro Bellori,Hellmut Wohl,2005-11-21 This is the first complete translation of the biographies of fifteen artists, including Annibale Carracci, Caravaggio, Rubens, Van Dyck, and Poussin, written by the seventeenth-century antiquarian Giovan Pietro Bellori. Originally conceived as a continuation of Vasari's famous Lives, it is a fundamental source for seventeenth-century Italian art and artistic theory, providing detailed descriptions of extant and lost works of art, while casting light on the cultural politics of contemporary Rome and the relations between Rome and France. The importance of Bellori's Lives lies in the scrupulous documentation of artists, many of whom he knew personally; the author's detailed descriptions of their works; and his exposition of the classicist theory of art in the introductory lecture, the Idea. This volume contains the twelve Lives published in the original edition of 1672 and three Lives (Guido Reni, Andrea Sacchi, and Carlo Maratti) that survive in manuscript form and that were published for the first time in 1942.

**Pier Giorgio Frassati** David C. Bellusci,2020-04-27 Pier Giorgio Frassati is situated in the social and political upheaval of early-twentieth-century Italy. The Roman Catholic Church read the warning signs of atheistic Marxism; Mussolini filled Italy's political vacuum with fascists; and Rome was still Italy's disputed capital. The biography draws from a synopsis of selected letters and witness accounts, revealing Pier Giorgio's increasing engagement with the world around him, shaped by his spiritual life. Pier Giorgio belonged to an upper-middle-class family and his parents transmitted fundamental values of truth, courage, and justice. Although he was deeply loved by his parents, they did not share his religious zeal. Pier Giorgio was concerned about helping the poor in the slums of Turin, the needy German students in Berlin, but especially in contributing to world peace. His spiritual maturity was expressed by making sacrifices: his friendship with a young lady offered up, bidding farewell to his best friend leaving for the Air Force, watching his sister depart once married, and his career in mining engineering abandoned. Pier Giorgio stood alone. He remained at home for the good of his parents to ensure peace and unity. He died at twenty-four years old.

**The Art Market in Rome in the Eighteenth Century** Paolo Coen,2018-11-05 Eighteenth-century Rome offers a privileged view of art market activities, given the continuity of remarkable investments by the local ruling class, combined with the decisive impact of external agents, largely linked to the Grand Tour. This book, the result of collaboration between international specialists, brings back into the spotlight protagonists, facts and dynamics that have remained unexplored for many years.
