Forgave: Releasing the Pain Angie O. Kemp,2012-10-15 Angie O. Kemp is a second child and the only daughter amid four children. Reared with only brothers made her a little rough around the edges, but it did not deter the devastations suffered as she journeyed through life. Ms. Kems life was almost cut short by an enraged estranged husband who decided to end her life because she wanted to free herself from him. Ms. Kems fourteen year old daughter watched as her mother lay dying. Help was nearby that aided in getting Ms. Kemp immediate care in order to save her. Despite the horrific ordeal, Ms. Kemp found it in

her heart to forgive her estranged husband. Although Ms. Kemp had a love for God early on, it wasn't until her middle years that the love for God began to manifest itself in her life. In her formative years, a seed was planted (introduction to God). In her early adult years the seed was watered. And now in her midlife years, the seed had begun to grow. As you journey through these pages you will witness the underlying force that propelled Ms. Kemp to persevere despite the odds stacked against her.

Crimes of Punishment Theodore L. Dorpat,2007 This groundbreaking book by an award-winning psychoanalyst and forensic psychiatrist presents a comprehensive exploration of a timely but often taboo topic: the failure of punishment to deter crime and violence, an issue that affects us both individually and as a culture. Written at the culmination of the author s fifty-year career as a psychoanalyst, forensic psychologist and scholar, this wide-ranging work identifies the origins of violence and investigates the surprising consequences of punishment from a multitude of perspectives. In his treatment of the topic, Dr. Dorpat utilizes scientific research; ethical reasoning, and his vast clinical experience and insight. He also suggests the benefits of new and emerging humane alternatives to the revenge/punishment model

currently entrenched in our society, such as restorative justice. In contrast to most contemporary measures, these new approaches while still imprisoning dangerous individuals effectively stress reparation and forms of sanctioning other than incarceration. When restitution replaces revenge, everyone benefits. Crimes of Punishment examines four key, interrelated social methods of punishment. These are (1) the corporal punishment of children, (2) the incarceration of adults in prisons, (3) capital punishment the death penalty, and (4) emotional (verbal) abuse. As he elucidates and analyzes each of these forms of punishment, Dr. Dorpat clearly and logically makes the case that punishment is not only ineffectual but that it also engenders more of what it ostensibly aims to stop: violence and misbehavior. Both children and adults who are subjected to punishment tend to become more violent individuals. In covering the full scope of our contemporary justice system Dr. Dorpat brings to the forefront those who are often overlooked or dismissed: the victims of crime. His concluding chapters present and clarify the psychological wounds and needs of these individuals, and demonstrate how restorative justice is effective in attending to victims in an ethical and healing manner. In a humane and ethically evolved society restitution replaces punishment. Market Comparison-- Crimes of Punishment is unique in that it covers not just one but four different types of punishment (the corporal punishment of children, the incarceration of adults, the death penalty, and verbal emotional] abuse). Two earlier books written by psychiatrists expose the terrible conditions in America s prisons. They are The Crime of Punishment (New York: Viking, 1968) by Karl Menninger, and Prison Madness by Terry Kupers (San Francisco: Jossey-Bass, 1999). This book differs in two important ways from the books written by Menninger and Kupers. First, The Crimes of Punishment covers other kinds of

punishment, while those authors deal only with the punishment of incarceration. Secondly, the reforms they recommend are merely piecemeal modifications of the present criminal justice systems, whereas Dr. Dorpat argues for a radical change that includes the abolition of today's punitive prison (Retributive Justice) system and the establishment of a new and different system, namely Restorative justice, a system that has been developed over the past decade in Australia and New Zealand. The Crimes of Punishment differs from Menninger's book in covering the many changes that have occurred in prisons since 1968. In several short chapters on restorative justice, the book also explores this exciting new approach and serves as an informed introduction to a new, important, and effective moral approach to the treatment of criminals.

The Book of Sins Angie O'Gorman, 2010-01-01 The Book of Sins is a captivating story that portrays the ravages of the capitalist system and its co-optation of the male-dominated Catholic Church. Through the lives of several working women, O'Gorman captures the creative struggle of the poor for their own voice. Together, these women challenge the power structure of interlocking church, business, and legal authorities. O'Gorman skillfully portrays the capitalist system's worship of profit, the failure of the Catholic Church to challenge the collapse of the social contract and the costs of privatization. This is a story of loss and the redemption that comes from solidarity and organizing. A wonderful resource for labor organizers and faith-based communities. Eileen Purcell, Union Organizer, San Francisco, California O'Gorman has imagined a future in which capitalism has bought out Christianity, where women have to gather secretly to study The Bible and remember its revolutionary lessons of compassion and non-violent resistance. Like all good dystopian novels, The Book of Sins asks us to consider what will happen if present trends continue, and her

fully-realized characters cause us to question our own complicity in those trends. Susan Neville, author of *Sailing the Inland Sea: On Writing, Literature, and Land* O'Gorman's characters make us slow down and think about the not-so-distant future - the year 2034. Her characters remind me of people I know. Their struggles and conflicts seem familiar. She skillfully builds awareness of an authoritarian structure that dominates her characters' lives, giving me a sense of regret that an earlier generation didn't succeed in resisting the fascists of their time. Kathy Kelly, Co-Coordinator of Voices for Creative Nonviolence, Chicago
The Book of Sins by Angie O'Gorman is continuously clever, playfully fun, and frightfully serious. Lest descriptions of the elite - secular and sacred - provide too much entertainment, the plight of the *WardWomen* could only be more compelling if the characters were featured in a documentary on abusive treatment. O'Gorman keeps you wondering how truth will influence power. Mary Elizabeth Bickel, EdD, Catholic Action Network, Missouri

The Fall of the Prison Lee Griffith, 1999-01-25 Even as America's prison system is expanding at an

unprecedented rate, Lee Griffith makes a startling proposal in this book: abolish prisons. To make his case, Griffith thoroughly examines prisons from the perspectives of sociology, theology, history, and biblical exegesis. Bolstered with extensive documentation as well as lively anecdotal evidence, this compelling, radical book is bound to stir up serious discussion.

The Universe Bends Toward Justice Angie O'Gorman, 1990

Sugarcoated Angie Haskell, 2024-02-27 All around the world, women yearn for a perfect life they can never grasp. They want to be successful, attractive, sexually fulfilled, and free from distress. Rather than turning to God, too many try to feast on everything under the sun—diet pills, pornography, shopping sprees, one-night stands, and social media—anything to hit that sweet spot. In the end, they are left with a deep sense of shame that can draw them further down into a spiral of bingeing, hiding, and emotional self-flagellation. They totally get Paul's woeful lament, "I do not do the good I want, but the evil I do not want is what I keep on doing" (Romans 7:19). Consequently, these women build a wall between themselves and God. They fear divine retribution for their chosen form of gluttony while simultaneously operating under the false assumption that God doesn't want to have anything to do with them. As author Angie Haskell notes, "This dangerous form of beratement worms its way into every facet of women's lives. It burrows into their psyche, making them believe that demeaning treatment from others, as well as themselves, is perfectly normal. And if they dare throw caution to the wind, stepping out in their stilettos to stand up for what they need, it is often met with assumptions from others that their morals and values have flown out the window." These women feel alone, unseen and unsatisfied, but Angie wades into their despair. With

disarming wit and boldness, she empowers readers to take a hard look at their secret cravings, understand where they are coming from, and get on a path that leads to emotional and physical health. In a society that has become dangerously divisive, Angie reassures women that they're still deserving of a relationship with God while also standing up for themselves and their needs.
