Good Data Angela Daly, Monique Mann, S. Kate Devitt, 2019-01-23 Moving away from the strong body of critique of pervasive 'bad data' practices by both governments and private actors in the globalized digital economy, this book aims to paint an alternative, more optimistic but still pragmatic picture of the datafied future. The authors examine and propose 'good data' practices, values and principles from an interdisciplinary, international perspective. From ideas of data sovereignty and justice, to manifestos for change and calls for activism, this collection opens a multifaceted conversation on the kinds of futures we want to see, and presents concrete steps on how we can start realizing good data in practice.

We've Got Blog Editors Of Perseus Publishing, 2009-04-29 Instantaneous and raw, unedited and uncensored, Weblogs are self-publishing at its best and its worst--occasionally brilliant but often pretentious, sometimes shocking but always fascinating. *We've Got Blog* is the first book to explore this phenomenon, which has been quickly rising from obscure Webpages to national attention in the Wall Street Journal and USA Today. Weblogs are free, searchable journals of opinions and links updated daily by an individual or a group and they have become some of the hottest Websites. *We've Got Blog* has pulled together some of the best writing explaining their history, the mavericks who created them, and how they are changing the way we use the Internet.

Book Blogger Directory Deena Rae Schoenfeldt, 2020-06-28 *Book Blogger Directory* This Book Blogger Directory lists blog addresses, contact information, where reviews are posted, as well as standard turnaround time and book formats accepted. Indexes list bloggers by accepted genre so you can easily find

bloggers amenable to your subject matter. More than 200 blogs are included, all current as of June 2020. The index lists each genre linked to each blog that accepts books in that category.

How to Write Brilliant Business Blogs, Volume I Suzan St. Maur, 2017-04-04 Here are the basic business blogging skills you need to learn before you can write excellent business blogs for your company, your employer, or other activity. In this volume, we look at the basic issues for business blogging including business writing skills, blogging strategy, types of business blogs, how to promote your business blog posts, writing style and grammar for business, how to use images, and many more—as well as a brief look at search engine optimization for business blogs.

How to Write Brilliant Business Blogs, Volume II Suzan St. Maur, 2017-04-04 It is easy to find out how to set up a business blog, but not so easy to find out what to write for it. In this volume, we look at what you can write for your business blogs that makes use of your knowledge of your business customers and prospects—how to create business blogs that address your readers’ real business problems and issues, how to use humor, passion, and compassion to enhance your business blogs, as well as proven formats like testimonials, case studies, and much more.

12 Great Tips on Writing a Blog Barbara Krasner, 2016-09-01

Digital Art Therapy Rick Garner, 2016-11-21 Considering the latest advances and developments in the arena of digital media, this book explores current materials, methods and applications of digital technology in art therapy. It looks thoroughly at the many potential uses and benefits of digital technology in art therapy practice, including the use of stop motion animation and therapeutic light painting photography. A

worked example of how digital art therapy can be used in the treatment of traumatic brain injury is also included. The book explores innovative therapeutic uses of digital technologies such as gaming and virtual worlds. Contributions from experienced art therapists address professional and ethical issues, from the sensory qualities of digital media and their effects in practice, to identifying and using developmentally appropriate technologies. As art therapy programs increasingly recognize the importance of using digital media, this cutting-edge guide provides all the necessary knowledge to incorporate this emerging field into practice.

Piracy Cultures Manuel Castells, Gustavo Cardoso EDS, 2013-02-25 Piracy Cultures Editorial Introduction
MANUEL CASTELLS 1 University of Southern California GUSTAVO CARDOSO Lisbon University
Institute (ISCTE-IUL) What are Piracy Cultures? Usually, we look at media consumption starting from a media industry definition. We look at TV, radio, newspapers, games, Internet, and media content in general, all departing from the idea that the access to such content is made available through the payment of a license fee or subscription, or simply because its either paid or available for free (being supported by advertisements or under a freemium business model). That is, we look at content and the way people interact with it within a given system of thought that sees content and its distribution channels as the product of relationships between media companies, organizations, and individuals effectively, a commercial relationship of a contractual kind, with accordant rights and obligations. But what if, for a moment, we turned our attention to the empirical evidence of media consumption practice, not just in Asia, Africa, and South America, but also all over Europe and North America? All over the world, we are witnessing a

growing number of people building media relationships outside those institutionalized sets of rules. We do not intend to discuss whether we are dealing with legal or illegal practices; our launching point for this analysis is that, when a very significant proportion of the population is building its mediation through alternative channels of obtaining content, such behavior should be studied in order to deepen our knowledge of media cultures. Because we need a title to characterize those cultures in all their diversity but at the same time, in their commonplaceness we propose to call it Piracy Cultures.

The Person in Personalisation David Mannheim, 2023-08-29 As both practitioners of personalisation and victims of it, it is the person in personalisation that has been lost. The titans of the personalisation industry have commercially defined what personalisation should be for us all without realising what it takes to make a relationship work – a personal touch. This book explores why. And if it can change. ? We learn about why we need to dismiss the personalisation perpetual hype, stop reducing it down to a single tactic designed purely to make money. ? Instead, we need to rebirth personalisation entirely and engage deeply with what it actually is, what it's supposed to be, and what it means in the future for brands, great and small. Maybe even yours. This book is not like most marketing books – overly inspirational, redundant with revelation, cold and charmless, focusing on dry practicality with arbitrary models that no one can ironically use practically. This is different. Personalisation, spelled with an s, is full of personality, wonder, drama, heroes, and villains, and that all makes for a damn good story. A fairy-tale even. That's how it is written. The Person in Personalisation is an adventure that inspires action from promoting critical thinking with irreverent humour, defeating personalisation dragons (no, really!) encouraging you, the reader, to

take things back to basics, not from telling you exactly what to do.

Tales from Baggin's Bottom Diane Wordsworth, 2016-08-24 2005 was a fundamental year for writer and editor Diane Parkin (now Diane Wordsworth). She gave up freelancing full time when she was offered a job editing an in-house magazine, her Market Index column with Writers' News was axed, she lost her lovely dog of 17 years, and it was the year she realised she had to leave her husband. And she started blogging. Following a shift from Blogger to WordPress, today the blog has over 1,000 followers and, despite the rise of Facebook, Twitter and other social networking sites and the demise of hundreds of other blogs along the way, Diane's blog is still going strong. Follow Diane during this significant year when blogging was in its heyday and friendships were forged forever

Blogging for Authors Jason Matthews, 2014 Create your very own blog at the best venues: Wordpress and Blogger. Geared for authors, learn how to engage readers interested in your subjects. It's fun and easy. We'll put the power of blogs to work for you today. Save time and money with a blog that helps the main objective: getting more people reading your words. Reach Readers Around the World through Blogging. Blogs and authors are a natural pairing. Blogs: Keep you writing Lead readers to your books at Amazon and retailers Connect people to your social media links Have excellent SEO properties, loved by Google Blogs can be Your Online Headquarters for Everything about You. Perfect for beginners who haven't created one, also designed for intermediates who want to do it better. As a bonus, students who use the course can have their blog featured on mine! You'll quickly learn everything from choosing a domain name to posting and sharing with social media. We'll blog in a schedule that fits yours as a stress-free way to assist your writing

career. And the best part is that blogs can be made free of charge. Of course you can spend wisely on a custom domain name, premium template or hosting if you want, but not a requirement. Any author on any budget can follow this program right away, and we'll use free examples with Wordpress (dot) com and Blogger. The lessons will also apply to Wordpress (dot) org templates or blogs hosted elsewhere. At the end of this course you'll have a great blog on Wordpress, Blogger or another site. You'll have a powerful means for online success at your fingertips. And let me know about it so I can feature your blog on mine to spread the word!Get started today!

The Blog Digest 2007 Justin McKeating,2006 A complete round up of the way the blogging community covered the major events of the year. Featuring the very best writing from the rising stars of online journalism, this is by far the most entertaining and opinionated guide to 2006.

T-SQL Querying Itzik Ben-Gan,Dejan Sarka,Adam Machanic,Kevin Farlee,2015 T-SQL insiders help you tackle your toughest queries and query-tuning problems Squeeze maximum performance and efficiency from every T-SQL query you write or tune. Four leading experts take an in-depth look at T-SQL's internal architecture and offer advanced practical techniques for optimizing response time and resource usage. Emphasizing a correct understanding of the language and its foundations, the authors present unique solutions they have spent years developing and refining. All code and techniques are fully updated to reflect new T-SQL enhancements in Microsoft SQL Server 2014 and SQL Server 2012. Write faster, more efficient T-SQL code: Move from procedural programming to the language of sets and logic

Master an efficient top-down tuning methodology Assess algorithmic complexity to predict performance
 Compare data aggregation techniques, including new grouping sets Efficiently perform data-analysis
 calculations Make the most of T-SQL's optimized bulk import tools Avoid date/time pitfalls that lead to
 buggy, poorly performing code Create optimized BI statistical queries without additional software Use
 programmable objects to accelerate queries Unlock major performance improvements with In-Memory
 OLTP Master useful and elegant approaches to manipulating graphs About This Book For experienced T-
 SQL practitioners Includes coverage updated from Inside Microsoft SQL Server 2008 T-SQL Querying and
 Inside Microsoft SQL Server 2008 T-SQL Programming Valuable to developers, DBAs, BI professionals, and
 data scientists Covers many MCSE 70-464 and MCSA/MCSE 70-461 exam topics

365 Blog Topic Ideas Dana Fox,2014-11-26 It can be tough coming up with new blog topics every now and then. Do you ever just feel stuck? This book was designed to help dig you out of a blogging rut and inspire new ideas. Whether you're just getting started with your blog, or you're a seasoned blogger, 365 Blog Topic Ideas For The Lifestyle Blogger Who Has Nothing to Write About is the one book you should keep close by. Containing an entire year's worth of actual blog topics that can be adapted by a wide variety of lifestyle blogs, this easily formatted book will help you fall in love with writing all over again. FROM THE AUTHOR: 365 Blog Topic Ideas is a book I wrote to help you feel a little more inspired when you're feeling stuck for content. You literally get an entire year's worth of ideas that you can mix in with your own regular content whenever you feel the desire! My goal: to help you become unstuck and spark a little creativity. Being a lifestyle blogger could mean something different for many of us. Some of us blog about

our home lives, some about cooking or beauty or fashion. I tried my best to make these topics appeal to a large group of different niches, and I think it's fairly easy to adapt them to your own blog demographic if you need to. I also included different types of topics to help your readers get to know you, and also increase the share quality of your posts, because I think that both are super important in building a following as well as traffic. From my research and experience, certain types of posts get more shares than others, so I've made sure to include handfuls of those in this book! You can jump into the book at any page, in no particular order, whether you're just getting started with your blog or not. You can use the topics as-is, or even get a little creative and add your own spin on them! Enjoy your blogging journey! Dana Fox

The Best of the Nugget Blog Patrick Glowacki, 2015-12-07 The Best of The Nugget Blog is a collection of the best blog posts by Pat Glowacki throughout the first six years of his blogger presence. It includes plenty of his strong opinions on sports, ranging from how to better the NBA to the Penn State scandal, pop culture, ranging from Mad Men reviews to scandals, his own faith story and of course, his most popular pieces on tournament based methods of determining a winner for the years 2012 and 2013. It highlights Glowacki's early work as well as some of his best work in general.
