The Q Beth Brower, 2022-12-18 CAN QUINCY ST. CLAIRE KEEP THE Q? A dying man with a scheme. A charming smuggler one step ahead of the law. A former foundling with a mangled hand. A family of kingmakers. A printing tycoon. A constable on the trail of justice. An idealistic solicitor with secrets of his own. And the genius at the center of it all, Quincy St. Claire. On New Year's Eve, Quincy St. Claire's well-ordered world is set askew. Her Uncle Ezekiel tells her that, upon his demise, she must fulfill a list of requirements in order to inherit his publication, The Q. But Quincy is not to be told what those requirements are, and the only person in possession of that knowledge is her silent, disapproving solicitor, James Arch. All of Rhysdon is intrigued by Quincy's genius and her adeptness at turning a profit through her fierce focus on business, excluding all else. Surrounded by a unique cadre of individuals who find their way to the offices of The Q, Quincy is determined to win her Uncle's absurd game, and keep the only thing she has ever cared about.

The Wildness Within Kenneth Brower, 2012 David Brower, the Archdruid, as writer John McPhee called him, shaped the modern environmental movement. He directed or founded organizations including the Sierra Club, Friends of the Earth, and the Earth Island Institute and staffed them with young activists whom he inspired with his passion for the land and whose lives he transformed by his belief in their capacity for greatness. In celebration of the hundredth anniversary of Brower's birth, his son Kenneth Brower interviewed nineteen environmental leaders, disciples, and friends about his father's impact on them personally as well as on the larger community. Amid tales of how David Brower pulled them from oblivion, sometimes drank them under the table, and often set them on courses for the rest of their lives, a nuanced portrait emerges not just of a complex man but of a movement still suffused with his spirit. The Unselected Journals of Emma M. Lion: Vol. 4 Beth Brower, 2020-01-05 It all began very innocently. Truly. The Year is 1883 and Emma M. Lion has returned to her London neighborhood of St. Crispian's. But Emma's plans for a charmed and studious life are sabotaged by her eccentric Cousin Archibald, her formidable Aunt Eugenia, and the slightly odd denizens of St. Crispian's. Emma M. Lion offers up her Unselected Journals, however self-incriminating they may be, which comprise a series of novella-length volumes. Armed with wit and a sideways amusement, Emma documents the curious realities of her life at Lapis Lazuli House.

The Residence Kate Andersen Brower, 2016-03-08 #1 New York Times Bestseller “A revealing look at life inside the White House. . . it’s Downton Abbey for the White House staff.”— The Today Show A remarkable history with elements of both In the President’s Secret Service and The Butler, The Residence offers an intimate account of the service staff of the White House, from the Kennedys to the Obamas. America’s First Families are unknowable in many ways. No one has insight into their true character like the people who serve their meals and make their beds every day. In her runaway bestseller, former White House correspondent Kate Andersen Brower pulls back the curtain on the world’s most famous address. Full of stories and details by turns dramatic, humorous, and heartwarming, The Residence reveals daily life in the White House as it is really lived through the voices of the maids, butlers, cooks, florists, doormen, engineers, and others who tend to the needs of the President and First Family. These dedicated professionals maintain the six-floor mansion’s 132 rooms, 35 bathrooms, 28 fireplaces, three elevators, and eight staircases, and prepare everything from hors d’oeuvres for intimate gatherings to meals served at elaborate state dinners. Over the course of the day, they gather in the lower level’s basement kitchen to share stories, trade secrets, forge lifelong friendships, and sometimes even fall in love. Combining incredible first-person

anecdotes from extensive interviews with scores of White House staff members—many speaking for the first time—with archival research, Kate Andersen Brower tells their story. She reveals the intimacy between the First Family and the people who serve them, as well as tension that has shaken the staff over the decades. From the housekeeper and engineer who fell in love while serving President Reagan to Jackie Kennedy’s private moment of grief with a beloved staffer after her husband’s assassination to the tumultuous days surrounding President Nixon’s resignation and President Clinton’s impeachment battle, *The Residence* is full of surprising and moving details that illuminate day-to-day life at the White House.

Mrs. Brower's Sayings Lillian Brower, 2016-05-27 This book originated as a saying-of-the-day project for the chalkboard in her work, which is unique. None of the sayings have more than one sentence, and none are more than two lines long. These little gems have been categorized, alphabetized, and indexed for easy reference. This book contains an abundance of material for teachers, preachers, and public speakers. Writers, journalists, counselors, or columnists might revel in having access to such an assemblage of adages, aphorisms, epigrams, wit, and a bit of nonsense. This publication could be the source of such diverse marketable items as key rings, plaques, bulletins, newsletters, T-shirts, coffee cups, auto-license tags, and even fortune cookies. Its most valuable use, though, would probably be to browse through for simple pleasure. The reader could use the contents to start his or her own saying-of-the-day list.

The Late Great Creature Brock Brower, 2011-10-05 “A lost classic . . . the history of a horror-film star and a treatise on human frailty . . . is back to be savored and marveled at anew” (James Ellroy, New York Times–bestselling author of the Lloyd Hopkins Trilogy). Simon Moro, a sixty-eight-year-old star, is making his last picture, a low-budget remake of Edgar Allan Poe’s *The Raven*. Moro,

infuriated by the bland horror movies of his day, sees his own career—even as it ends—as an ongoing effort to wallop the public with an overwhelming moral shock. And he succeeds when an elaborate publicity stunt turns into a gruesome and grand personal statement. As Moro’s life reels toward its macabre end, it also reels backward through lies and evasions to show its surprising beginning. Underneath his Frankensteinian exaggeration, Moro has a vivid and humane story to tell, even as the coffins break open and dark, erotic secrets are revealed. Brock Brower has taken the horror film in all its gory glory to create a book that recycles pop material into literature, creating a Dickensian tale of America. “A wonderful book . . . Like a circus with several brilliant performances going on at the same time . . . A real breaking through. I don’t think anybody ever again will be able to dabble politely in mixing ‘real life’ and fiction.” —Joan Didion, New York Times—bestselling author of *Slouching Towards Bethlehem* “The way the book skewers society’s obsession with celebrity culture is even more valid today than when it was written, proving that great art stands the test of time.” —Forbes “A cult novel that amounts to a loving satiric tribute to cinema schlockmeister Roger Corman.” —New York Post

Team of Five Kate Andersen Brower, 2021-05-25 USA Today Bestseller From the #1 New York Times bestselling author of *The Residence* and *First Women*—also a New York Times bestseller—comes a poignant, news-making look at the lives of the five former presidents in the wake of their White House years, including the surprising friendships they have formed through shared perspective and empathy. After serving the highest office of American government, five men—Jimmy Carter, the late George H. W. Bush, Bill Clinton, George W. Bush, and Barack Obama—became members of the world’s most exclusive fraternity. In *Team of Five*, Kate Andersen Brower goes beyond the White House to uncover what, exactly, comes after the presidency, offering

a glimpse into the complex relationships of these five former presidents, and how each of these men views his place in a nation that has been upended by the Oval Office's current, norm-breaking occupant, President Donald Trump. With an empathetic yet critical eye and firsthand testimony from the Carters, Donald Trump, and the top aides, friends, and family members of the five former presidents, Team of Five takes us inside the exclusive world of these powerful men and their families, including the unlikely friendship between George W. Bush and Michelle Obama, the last private visits Bill Clinton and Barack Obama shared with George H.W. Bush, and the Obamas' flight to Palm Springs after Donald Trump's inauguration. Perhaps most timely, this insightful, illuminating book overflows with anecdotes about how the ex-presidents are working to combat President Trump's attempts to undo the achievements and hard work accomplished during their own terms. Perhaps most poignantly, Team of Five sheds light on the inherent loneliness and inevitable feelings of powerlessness and frustration that come with no longer being the most important person in the world, but a leader with only symbolic power. There are ways, though, that these men, and their wives, have become powerful political and cultural forces in American life, even as so-called "formers." Team of Five includes 16 pages of color photographs.

Orange County Jew: a Memoir Martin Aaron Brower, 2010-03-16 When Martin Brower moved his family from heavily Jewish Los Angeles to barely Jewish Orange County, California, in 1974, his Los Angeles friends were amazed at his bravery and his foolishness. Orange County was considered anti-Semitic and lacking in culture. However, during the years following World War II, Orange County was transformed from a small rural community with citrus groves, row crops and cattle -- first into a bedroom community for neighboring Los Angeles County and then into a dynamic urban empire. As the County's population and employment base exploded, Orange County's Jewish

population grew from a small enclave of Jewish shopkeepers into a vibrant Jewish community in excess of 100,000. To the surprise of many, Orange County now boasts one of the leading centers of Jewish life in the nation, complete with 30 synagogues, a grand new Jewish Community Center, one of the nations largest Jewish day schools and one of its finest homes for the aging. In his book *Orange County Jew: A Memoir*, Brower superimposes the growth of the Jewish community over the amazing development of Orange County itself, and uses as a framework the personal story of his own 36 years as a resident of Orange County and as a player among its major real estate development companies and its entrepreneurial leaders.

Los Angeles Jew Martin Aaron Brower,2009-03-31 During the 80 years of this author's life, the Jewish population of the City of Los Angeles exploded from a mere 65,000 Jews to 520,000 Jews, establishing Los Angeles as the third largest Jewish population center in the world.Yet, little has

been written about this transformation, with most Jewish generational novels concentrating on the New York Jewish experience. And yet, the Los Angeles Jewish experience was completely different from that of New York. The author, a native of Los Angeles, addresses the Los Angeles Jewish experience as a personal memoir -- sometimes sad, sometimes funny, and always engrossing.

The Man Who Built the Sierra Club Robert Wyss, 2016-06-07 David Brower (1912-2000) was a central figure in the modern environmental movement. His leadership, vision, and elegant conception of the wilderness forever changed how we approach nature. In many ways, he was a twentieth-century Thoreau. Brower transformed the Sierra Club into a national force that challenged and stopped federally sponsored projects that would have dammed the Grand Canyon and destroyed hundreds of millions of acres of our nation's wilderness. To admirers, he was tireless, passionate, visionary, and unyielding. To opponents and even some supporters, he was contentious and polarizing. As a young man growing up in Berkeley, California, Brower proved himself a fearless

climber of the Sierra Nevada's dangerous peaks. After serving in the Tenth Mountain Division during World War II, he became executive director of the Sierra Club. This uncompromising biography explores Brower's role as steward of the modern environmental movement. His passionate advocacy destroyed lifelong friendships and, at times, threatened his goals. Yet his achievements remain some of the most important triumphs of the conservation movement. What emerges from this unique portrait is a rich and robust profile of a leader who took up the work of John Muir and, along with Rachel Carson, made environmentalism the cause of our time.

The Whales, They Give Themselves Harry Brower, 2004 Brower was deeply committed to Native culture, and his life history is an expression of the Inupiaq way of life. He acted as a mediator between Inupiaq whalers and non-Native scientists and helped protect Inupiaq subsistence whaling by sharing his vast knowledge of bowhead whale behavior with researchers. He was a central architect of the Arctic Slope Regional Corporation boundaries, and served for over twenty years as a consultant to scientists at the Naval Arctic Research Laboratory.--BOOK JACKET.

David Brower Tom Turner, 2015-10-01 In this first comprehensive authorized biography of David Brower, a dynamic leader in the environmental movement over the last half of the twentieth century, Tom Turner explores Brower's impact on the movement from its beginnings until his death in 2000. Frequently compared to John Muir, David Brower was the first executive director of the Sierra Club, founded Friends of the Earth, and helped secure passage of the Wilderness Act, among other key achievements. Tapping his passion for wilderness and for the mountains he scaled in his youth, he was a central figure in the creation of the Point Reyes National Seashore and of the North Cascades and Redwood national parks. In addition, Brower worked tirelessly in successful efforts to keep dams from being built in Dinosaur National Monument and the Grand Canyon. Tom Turner

began working with David Brower in 1968 and remained close to him until Brower's death. As an insider, Turner creates an intimate portrait of Brower the man and the decisive role he played in the development of the environmental movement. Culling material from Brower's diaries, notebooks, articles, books, and published interviews, and conducting his own interviews with many of Brower's admirers, opponents, and colleagues, Turner brings to life one of the movement's most controversial and complex figures.

Fifty Years Below Zero Charles D. Brower, 2017-06-28 Brower had left San Francisco with the intention of making a short dash north on a whaling ship bound for the mythic Arctic Circle. Adventure had a way of following Charlie Brower. His initial landing turned into a fifty-year long ice-bound lifestyle. Once he stepped off the whaler and back onto dry, albeit frozen land, Brower took a job as master of the whaling station. But, though commerce brought him north, it was the people that helped keep him there for Charlie soon became fast friends with the native Inuit people. They taught him how to hunt seals on the ice, caribou on the tundra, and whales out on the sea. He learned their secrets, lived in their igloos, navigated in their kayaks and avoided being murdered in their feuds. Plus the young adventurer observed the great dramas of the Far North play out. He saw the last of the sailing ships disappear over the horizon, and watched the first airplane fly in. For fifty-seven years, through ice storms and northern lights, Charlie Brower maintained both this lonely outpost and his claim as "Uncle Sam's most northerly citizen." A book to remember, "Fifty Years Below Zero" is richly illustrated throughout with photos by the author.

The Fields of Light Reuben Arthur Brower, 2013 In this classic study, Harvard professor Reuben Brower guides the reader from noticing the alluring details of a well-made poem, novel, or play to attending to the encompassing ways in which the writing achieves its greatness. Not only does Brower begin his book with a lyric, but he deliberately chooses a very short one indeed, as if to show how much can be said about the smallest of poetic 'figures' looked at closely. The poem is *The Sick Rose*, one of William Blake's best-known songs of experience ... Brower's task is to show how the poem is 'imaginatively organized,' by which he means that, to read it, we must sense the 'extraordinary interconnectedness among a relatively large number of different items of experience.
