Daisy on Wheels Bill Blankenship, 2008-12 An automobile accident has killed thirteen-year-old Daisy Dean's father and left her confined to a wheelchair. Making life more unbearable, the terms of her father's will stipulate that Daisy and her mother must move from her beloved New York to the small town of Peanut, Texas, her father's birthplace. Daisy hates her new town. She hates her new school. She hates her wheelchair. Mostly, Daisy hates her new schoolmates and the townspeople, whom she considers unruly and none too bright. At first, her haughty attitude and smart mouth keep any potential friends at quite a distance. Gradually, against all instincts, Daisy Dean begins to feel somewhat at home in the harsh

Texas landscape and guardedly comfortable with people different from herself. Slowly, the Texans also warm to the prickly but interesting young New Yorker and encourage her to take up the sport of wheelchair racing. Before she can feel truly at home, Daisy must discover why her father left Peanut as a young man and solve a mystery he left behind. The solution to that mystery will determine whether Daisy can ever be happy in her new life.

Not My Father's Footsteps Bryan Dean, 2005 There are several thousand, if not millions of married men who are in the closet today. For the majority of these men, dating, marriage, family and careers have kept them there. Fears of separation from family, loss of friends, and loss of job are those things which cause them to hide behind the mask of heterosexual male. These men had little if no opportunity to explore this after adolescence. Many lived in small towns across the country. They have lived with fear, anxiety and guilt. Many successfully hid it from their wives. Some did not. The evolution of the Internet opened many doors for these men. Statistics prove that coming out usually ends in divorce. Not My Father's Footsteps takes a look at one such journey...an odyssey that in less than a year took him from inside the closet to a new life outside. It is a journey of love and torment, and finding love again. It is the story of seedy spas and confinement in the psychiatric ward for a brief time. By going back to his roots, he has been able to come out of his darkness and into the light of being a gay man.

Tinderbox James Andrew Miller, 2021-11-23 *Tinderbox* tells the exclusive, explosive, uninhibited true story of HBO and how it burst onto the American scene and screen to detonate a revolution and transform our relationship with television forever. The Sopranos, Game of Thrones, Sex and the City, The Wire, Succession...HBO has long been the home of epic shows, as well as the source for brilliant new movies, news-making documentaries, and controversial sports journalism. By thinking big, trashing tired formulas, and killing off clichés long past their primes, HBO shook off the shackles of convention and led the way to a bolder world of content, opening the door to all that was new, original, and worthy of our attention. In *Tinderbox*, award-winning journalist James Andrew Miller uncovers a bottomless trove of secrets and surprises, revealing new conflicts, insights, and analysis. As he did to great acclaim with SNL in *Live from New York*; with ESPN in *Those Guys Have All the Fun*; and with talent agency CAA in *Powerhouse*, Miller continues his record of extraordinary access to the most important voices, this time speaking with talents ranging from Abrams (J. J.) to Zendaya, as well as every single living president of HBO—and hundreds of other major players. Over the course of more than 750 interviews with key sources, Miller reveals how fraught HBO's journey has been, capturing the drama and the comedy off-camera and inside boardrooms as HBO created and mobilized a daring new content universe, and, in doing so, reshaped storytelling and upended our entertainment lives forever.
