Comments on the Sub-Letting Act, 7 Geo. 4, Chap. 29; entitled, "An Act to amend the Laws in Ireland, respecting the Assignment and Sub-Letting of Lands and Tenements," etc. [With extracts from the text.] William Stewart (of the Pleas Exchequer.), 1828

Lion, The Eagle, and Upper Canada, Second Edition Jane Errington, 2012-05-23 It has generally been assumed that the political and social ideas of early Upper Canadians rested firmly on veneration of eighteenth-century British conservative values and unequivocal rejection of all things American. Jane Errington's examination of the attitudes and beliefs of the Upper Canadian elite between 1784 and 1828, as seen through their private papers, public records, and the newspapers of the time, suggests that this view is far too simplistic. Errington argues that in order to appreciate the evolution of Upper Canadian beliefs, particularly the development of political ideology, it is necessary to understand the various and changing perceptions of the United States and of Great Britain held by different groups of colonial leaders. Colonial ideology inevitably evolved in response to changing domestic circumstances and to the colonists' knowledge of altering world affairs. It is clear, however, that from the arrival of the first loyalists in 1748 to the passage of the Naturalization Bill in 1828, the attitudes and beliefs of the Upper Canadian elite reflect the fact that the colony was a British-American community. Errington reveals that Upper Canada was never as anti-American as popular lore suggests, even in the midst of the War of 1812. By the mid 1820s, largely due to their conflicting views of Great Britain and the United States, Upper Canadians were divided. The Tory administration argued that only by decreasing the influence of the United States, enforcing a conservative British mould on colonial society, and maintaining strong ties with the Empire could Upper Canada hope to survive. The forces of reform, on the other hand, asserted that Upper Canada

was not and could not become a re-creation of Great Britain and that to deny its position in North America could only lead to internal dissent and eventual amalgamation with the United States. Errington's description of these early attempts to establish a unique Upper Canadian identity reveals the historical background of a dilemma which has yet to be resolved. This edition of the book is updated with a new introduction by the author.

Lion, the Eagle, and Upper Canada Elizabeth Jane Errington, 1987 It has generally been assumed that the political and social ideas of early Upper Canadians rested firmly on veneration of eighteenth-century British conservative values and unequivocal rejection of all things American. Jane Errington's examination of the attitudes and beliefs of the Upper Canadian elite between 1784 and 1828, as seen through their private papers, public records, and the newspapers of the time, suggests that this view is far too simplistic.
