British Comment on the United States Ada B. Nisbet, 2001-06-07 This bibliography of more than three thousand entries, often extensively annotated, lists books and pamphlets that illuminate evolving British views on the United States during a period of great change on both sides of the Atlantic. Subjects addressed in various decades include slavery and abolitionism, women's rights, the Civil War, organized labor, economic, cultural, and social behavior, political and religious movements, and the American character in general.

Essays, Comments, and Reviews William James, 1987 This generous omnium-gatherum brings together all the writings William James published that have not appeared in previous volumes of this definitive edition of his works. The volume includes 25 essays, 44 letters to the editor commenting on sundry topics, and 113 reviews of a wide range of works in English, French, German, and Italian.

Lange's Commentary on the Holy Scripture, Volume 1 Lange, John Peter, All sixty-three of the original volumes are included in a nine volumes set. There are two linked indexes in this volume, a main index at the front of this volume that will take you to the beginning each of the books of the bible and another index at the beginning of each book there is a linked scripture index leading to the particular subject. Lange's Commentary on the Old and New Testaments, translated, revised, edited and enlarged from the German editions of John Peter Lange and many contributors, and edited by Philip Schaff. Lange's Commentary on the entire Bible has remained one of the most useful and valuable work of its kind. It is conservative in theology and universal in hermeneutics. Delmarva

Publications is proud to make it available in digital format. The original work was completed in 63 volumes, but we have made it available in 9 volumes they are: Volume 1 - Genesis to Ruth Volume 2 -1 Samuel to Esther Volume 3 - Job to Ecclesiastes Volume 4 - Song of Songs to Lamentations Volume 5 - Ezekiel to Malachi Volume 6 - Matthew to John Volume 7 - Acts to 2 Corinthians Volume 8 - Galatians to 2 Timothy Volume 9 -Titus to Revelation

Commenting and Commentaries Charles H. Spurgeon,2019-03-21 The student or pastor with a small but growing library, as well as the pastor possessing an extensive one, will welcome the opportunity to secure this reprint of Spurgeon's catalog of Biblical commentaries and expositions. Once you begin to dip into this volume it will become a faithful friend by your side. Worth its weight in gold! New commentaries on the Bible abound, but often the cutting edge is dull. With few exceptions, the old works are better by far. Spurgeon's *Commenting and Commentaries* is invaluable for identifying the best works of past generations, many of which have been reprinted in our day. - Dr. Robert P. Martin Charles Haddon Spurgeon (1834-92) was an English Baptist preacher and author. Among his many publications are *The Heart of the Gospel*, *Immeasurable Love*, and *The Saint and His Saviour*.

Expanded Biblical Comments - Commentary of the Old and New Testament Charles Taze Russell,2014-05-20 This is an invaluable Biblical commentary on both the Old and new Testaments.

The US-DPRK Peace Treaty: A Commentary Eric Yong Joong Lee,Ridoan Karim,2022-09-21 This book delivers an in-depth analysis of the US-DPRK Peace Treaty which will be concluded as a final

result of the Korean Peninsula peace process that is currently ongoing. Since North Korea launched its nuclear weapons development program in the early 1990s, the Korean peninsula has become a critical point of global politics along with the Sino-American (G2) hegemonic competition. The US-DPRK Peace Treaty is the key to the denuclearization and de jure peace on the peninsula as well as Northeast Asia. Different from the comprehensive peace treaty between the four parties (US, China, and the two Koreas) already proposed for the past few years, the book suggests a 'bilateral' approach to the agreement between the US and the DPRK, which will trigger the peace as a system considering the US's practices in this regard after 1783. Such a challenging and provocative method provides deeper understanding of the legal and political circumstances for the expected US-DPRK Peace Treaty. The book will navigate scholars, practitioners, and students towards terminating the 1953 Armistice, establishing nuclear peace as well as a rapprochement between the two countries. In practice, it will be a useful guideline for the conflicting parties in the various parts of the globe to adopt peace treaties in the twenty-first century.

TERRORISM: COMMENTARY ON SECURITY DOCUMENTS VOLUME 141 Douglas Lovelace Jr., 2016-02-24 Terrorism: Commentary on Security Documents is a series that provides primary source documents and expert commentary on various topics relating to the worldwide effort to combat terrorism, as well as efforts by the United States and other nations to protect their national security interests. Volume 141, Hybrid Warfare and the Gray Zone Threat, considers the mutation of the international security environment brought on by decades of unrivaled U.S. conventional military power. The term hybrid warfare encompasses conventional warfare, irregular warfare, cyberwarfare, insurgency, criminality, economic blackmail, ethnic warfare, lawfare, and the application of low-cost but effective technologies to thwart high-cost technologically advanced forces. This volume is divided

into five sections covering different aspects of this topic, each of which is introduced by expert commentary written by series editor Douglas C. Lovelace, Jr. This volume contains thirteen useful documents exploring various facets of the shifting international security environment, including a detailed report on hybrid warfare issued by the Joint Special Operations University and a White Paper on special operations forces support to political warfare prepared by the U.S. Army Special Operations Command, as well as a GAO report and a CRS report covering similar topics. Specific coverage is also given to topics such as cybersecurity and cyberwarfare, the efficacy of sanctions in avoiding and deterring hybrid warfare threats, and the intersection of the military and domestic U.S. law enforcement.
