British Comment on the United States Ada B. Nisbet, 2001-06-07 This bibliography of more than three thousand entries, often extensively annotated, lists books and pamphlets that illuminate evolving British views on the United States during a period of great change on both sides of the Atlantic. Subjects addressed in various decades include slavery and abolitionism, women's rights, the Civil War, organized labor, economic, cultural, and social behavior, political and religious movements, and the American character in general.

Commenting and Commentaries Charles H. Spurgeon, 2019-03-21 The student or pastor with a small but growing library, as well as the pastor possessing an extensive one, will welcome the opportunity to secure this reprint of Spurgeon's catalog of Biblical commentaries and expositions. Once you begin to dip into this volume it will become a faithful friend by your side. Worth its weight in gold! New commentaries on the Bible abound, but often the cutting edge is dull. With few exceptions, the old works are better by far. Spurgeon's *Commenting and Commentaries* is invaluable for identifying the best works of past generations, many of which have been reprinted in our day. - Dr. Robert P. Martin
