Leeds (England). Public Libraries, Art Gallery and Museum

British Comment on the United States Ada B. Nisbet,2001-06-07 This bibliography of more than three thousand entries, often extensively annotated, lists books and pamphlets that illuminate evolving British views on the United States during a period of great change on both sides of the Atlantic. Subjects addressed in various decades include slavery and abolitionism, women's rights, the Civil War, organized labor, economic, cultural, and social behavior, political and religious movements, and the American character in general.

The Collected Papers of William Burnside: Commentary on Burnside's life and work ; Papers 1883-1899 William Burnside,2004 William Burnside was one of the three most important algebraists who were involved in the transformation of group theory from its nineteenth-century origins to a deep twentieth-century subject. Building on work of earlier mathematicians, they were able to develop sophisticated tools for solving difficult problems. All of Burnside's papers are reproduced here, organized chronologically and with a detailed bibliography. Walter Feit has contributed a foreword, and a collection of introductory essays are included to provide a commentary on Burnside's work and set it in perspective along with a modern biography that draws on archive material.

The International Critical Commentary on the Holy Scriptures of the Old and New Testaments ,1925

1_3 John and Revelation; New Testament Commentary Christopher Lambe,2021-02-16 Unlike any other commentary on the New Testament, Chris digs into ancient religious culture throughout the known world at the time John wrote his epistles and book on Revelation. As the church started to accept and adopt false teaching in their day, they began to worship idols in place of God, like the Jews when they were sent to Babylon. Both Old and New Testament Jewish cultures adopted the same images from the surrounding nations and began to worship pagan gods. No matter Jew or Gentile, John's teachings were all understood. In today's world though, it is different; many are not taught after the manner of ancient culture, and when one reads the Bible, either the Old and New Testaments that references any form of symbolism as figurative language, let alone Revelation, it is foreign, with descriptions of strange beasts, candlesticks, trumpets, vials of wrath, harps, etc., making no modern sense whatsoever. However, when looked upon with the view from ancient culture, religion, and myths about the heavens, one can better understand the context John taught to the early church. The way mainstream interprets the scriptures today has brought about much confusion.
