Writing a Translation Commentary Penélope Johnson, 2023-12-05 This essential textbook is a step-by-step guide to how to write a self-reflective translation commentary, a key requirement of most courses on translation. Starting with source text analysis, it guides students in how to set out a translation strategy and

goes through the most common challenging issues encountered, thus enabling students to set out their translation priorities in an informed manner. Throughout each chapter, there are boxes summarising key concepts and suggestions of tasks and activities, as well as recommendations for further reading. The book is supplemented by online resources for students and teachers on the translation studies portal. There are nine PowerPoints based on the chapters of the book that could be used for teaching or self-study. There are also downloadable versions of sample assessment rubrics, tables for example selection, and checklists. Based on real life examples of students' work in different language combinations, drawing on the author's years of experience of teaching commentary writing, this book focuses on several types of language mediation that go beyond the written word, such as interpreting, audiovisual translation, localisation, and transcreation. This is a vital textbook for students writing commentaries on translation and interpreting courses, a useful resource for supervisors providing students with guidance on how to write a balanced, articulate, and convincing commentary and a handy reference for professional translators and interpreters needing to explain their translation decisions to clients.

The Pulpit Commentary, Volume 7 Spence-Jones, Henry, 2015-08-14 The Pulpit Commentary was first published between 1880 and 1919 and is a highly respected work written by conservative, trustworthy men. Containing over 22,000 pages and 95,000 entries, it is one of the largest and best-selling homiletic commentary sets of all time. It was directed by editors Joseph Exell and Henry Donald Maurice Spence-Jones and utilized more than 100 authors over a 30-year span. When reading this commentary, it is not difficult to see why it has remained a favorite amongst pastors for more than 100 years. There are three key elements which set this apart from its contemporaries, the first being that it gives an exposition, or verse-by-verse, annotation of each verse in the Bible. The second element is that it explores the framework of the text, the homiletics. Finally, it supplies the homilies with multiple model sermons from various authors. Also included is a translation as well as historical and geographical information. The Evangelical Magazine and Missionary Chronicle declared, "This commentary bids fair to take a conspicuous place among the ever-multiplying aids to the study of the Holy Scriptures. It will revive the great work of Lange, and will far exceed the Speaker's Commentary in the bulk and fullness of its material. The peculiarity of the Pulpit Commentary is that it offers special assistance to the preacher: first by giving him a critical and exegetical exposition of the text of Scripture, and then providing him with succinct and helpful directions as to the preachable aspects of the chapter and paragraph already explained. The print edition of this set typically retails for more than \$1,000 making the current offered price a very good bargain. Due to its size, it has been broken up into nine separate volumes: Volume 1 Genesis to Joshua Volume 2 Judges to 2 Kings Volume 3 1 Chronicles to Job Volume 4 Psalms to Song of Songs Volume 5 Isaiah to Daniel Volume 6 Hosea to Malachi Volume 7 Matthew to John Volume 8 Act to Philippians Volume 9 Colossians to Revelation The footnotes have been placed in line with the text with each footnote number enclosed in red brackets (i.e.: []) and the text in green. There is also a linked table of contents at the beginning of each volume for ease of navigation. Key Features * Over
