T. Osborne (Oxford)

Expanded Biblical Comments - Commentary of the Old and New Testament Charles Taze Russell, 2014-05-20 This is an invaluable Biblical commentary on both the Old and new Testaments.

John Chrysostom, Homilies on Colossians Pauline Allen, 2021-10-08 Pauline Allen translates Frederick Field's text of John Chrysostom's twelve homilies on Paul's Letter to the Colossians. Chrysostom concentrates in part on the apparently prevalent angel worship in Colossae (in modern Turkey). These homilies provide many details about everyday life in the late Roman period, such as the position of slaves and their treatment as well as various aspects of raising healthy, educated children. The themes of conflict between pagans, Jews, and Christians in the community, as well as the distinction between rich and poor in late antiquity, run throughout the homilies. This latest text and translation volume from WGRW is an essential resource for scholars and students interested in the history of the church.

The Pulpit Commentary, Volume 4 Spence-Jones, Henry
,2015-08-14 The Pulpit Commentary was first published between
1880 and 1919 and is a highly respected work written by
conservative, trustworthy men. Containing over 22,000 pages and
95,000 entries, it is one of the largest and best-selling homiletic
commentary sets of all time. It was directed by editors Joseph Exell
and Henry Donald Maurice Spence-Jones and utilized more than 100
authors over a 30-year span. When reading this commentary, it is not
difficult to see why it has remained a favorite amongst pastors for
more than 100 years. There are three key elements which set this
apart from its contemporaries, the first being that it gives an
exposition, or verse-by-verse, annotation of each verse in the Bible.

The second element is that it explores the framework of the text, the homiletics. Finally, it supplies the homilies with multiple model sermons from various authors. Also included is a translation as well as historical and geographical information. The Evangelical Magazine and Missionary Chronicle declared, “This commentary bids fair to take a conspicuous place among the ever-multiplying aids to the study of the Holy Scriptures. It will revive the great work of Lange, and will far exceed the Speaker's Commentary in the bulk and fullness of its material. The peculiarity of the Pulpit Commentary is that it offers special assistance to the preacher: first by giving him a critical and exegetical exposition of the text of Scripture, and then providing him with succinct and helpful directions as to the preachable aspects of the chapter and paragraph already explained. The print edition of this set typically retails for more than \$1,000 making the current offered price a very good bargain. Due to its size, it has been broken up into nine separate volumes: Volume 1 Genesis to Joshua Volume 2 Judges to 2 Kings Volume 3 1 Chronicles to Job Volume 4 Psalms to Song of Songs Volume 5 Isaiah to Daniel Volume 6 Hosea to Malachi Volume 7 Matthew to John Volume 8 Act to Philippians Volume 9 Colossians to Revelation The footnotes have been placed in line with the text with each footnote number enclosed in red brackets (i.e.: []) and the text in green. There is also a linked table of contents at the beginning of each volume for ease of navigation. Key Features * Over 22,000 pages with more than 95,000 entries * One of the largest and exhaustive commentary sets of its kind * Contributions from over 100 authors * Expositions—with thorough verse-by-verse commentary of each verse of the Bible * Homiletics—with the framework or overall look of the text * Homilies—four to six sample sermons from various authors * Detailed information on Biblical customs * Historical and

geographical information * Translations of key Hebrew and Greek words All 23 Volumes of the printed version are included in these nine volumes. 1. Genesis/Exodus 2. Leviticus/Numbers 3.
