The Versatile Needle Anke Rondholz,2012-08-31 The cento-tragedy Medea usually attributed to Hosidius Geta was transmitted in the Codex Salmasianus (now Codex Parisinus 10318). This is a comprehensive study and reevaluation of the text against the background of the ancient cento tradition, also providing a new English translation. After developing a new definition of the ancient conception of the cento in general, Geta's cento technique and his use of the Vergilian text as well as his relation to the Greek and Roman models for his Medea are examined. It is shown that his play is innovative and sophisticated in both technique and content.
