United States Code United States,2013 The United States Code is the official codification of the general and permanent laws of the United States of America. The Code was first published in 1926, and a new edition of the code has been published every six years since 1934. The 2012 edition of the Code incorporates laws enacted through the One Hundred Twelfth Congress, Second Session, the last of which was signed by the President on January 15, 2013. It does not include laws of the One Hundred Thirteenth Congress, First Session, enacted between January 2, 2013, the date it convened, and January 15, 2013. By statutory authority this edition may be cited U.S.C. 2012 ed. As adopted in 1926, the Code established prima facie the general and permanent laws of the United States. The underlying statutes reprinted in the Code remained in effect and controlled over the Code in case of any discrepancy. In 1947, Congress began enacting individual titles of the Code into positive law. When a title is enacted into positive law, the underlying statutes are repealed and the title then becomes legal evidence of the law. Currently, 26 of the 51 titles in the Code have been so enacted. These are identified in the table of titles near the beginning of each volume. The Law Revision Counsel of the House of Representatives continues to prepare legislation pursuant to 2 U.S.C. 285b to enact the remainder of the Code, on a title-by-title basis, into positive law. The 2012 edition of the Code was prepared and published under the supervision of Ralph V. Seep, Law Revision Counsel. Grateful acknowledgment is made of the contributions by all who helped in this work, particularly the staffs of the Office of the Law Revision Counsel and the Government Printing Office--Preface.

Protecting Children in Armed Conflict Shaheed Fatima QC,2018-09-20 In armed conflicts around the world, children are being killed, raped, abducted and recruited to fight at a shocking scale. In light of this continuing general failure to protect children in conflict, it is questionable whether existing international law norms and institutions provide sufficient protection and accountability. Consideration needs to be given to whether international law can do more – practically and effectively – when moral lines are crossed. That is the purpose of this book. It reviews the position of children in armed conflict by reference to the 'six grave violations' as identified by the UN Security Council. It analyses the protection offered by international humanitarian law, international criminal law and international human rights law, and also assesses the related adjudicative accountability mechanisms. The analysis concludes with a number of recommendations and proposals for reform, with a view to enhancing accountability and deterring future violations. The book has been written by a team of lawyers, headed by Shaheed Fatima QC, and has drawn on the input of an expert advisory panel comprising leading academics, policy-makers and activists. It has been written as part of the Inquiry on Protecting Children in Conflict. The Inquiry has been sponsored by Save the Children and Theirworld and chaired by former UK Prime Minister, Gordon Brown.
