**Dance of the Vampires and Six Other Plays** Bole Butake,2013 This crowning collection brings together seven of Bole Butake's finest plays since 1984, namely: Dance of the Vampires; Family Saga; Lake God; Betrothal Without Libation; And Palm Wine Will Flow; The Rape of Michelle; and Shoes. More than an academic, Butake has distinguished himself as a playwright, unearthing and foregrounding the ills, travails and predicaments of a land and people trapped by the blood-dripping impunities of vampires in power. In his rich repertoire of over ten plays, Butake takes sides with the downtrodden, the wretched of the earth, the deprived and the underdogs. His jabs and jibes, aimed at the rulers, are scathing, at times vitriolic. He has excelled at a stubborn determination to ignore the sinecures, lure and allure of power without responsibility.

**Africa and Globalization** Kelebogile T. Setiloane,Abdul Karim Bangura,2020-10-24 This edited volume examines the challenges of globalization in light of the need to revisit and reconceptualize the notion of Pan-Africanism. The first part of the book examines globalization and Africa's socioeconomic and political development in this century by using the Diopian Pluridisciplinary Methodology. This approach is imperative because the challenges faced by Africa vis-à-vis globalization and socioeconomic development are so multiplexed that no single disciplinary approach can adequately analyze them and yield substantive policy recommendations. The chapters in the second part analyze the imperatives for Africa's global knowledge production, development, and economic transformation in the face of the pressures of globalization. Part two demonstrates an urgent need for Africa's significant participation in the global knowledge economy in order to meet the continent's modern transformation and development aspirations. The final part examines lessons from old and new Pan-Africanism and how they can be utilized to deal with the challenges emanating from the forces of modern globalization. With its multidisciplinary approach to a wide range of pressing, modern issues for the African content, this book is essential reading for scholars across the social sciences interested in where Africa is now and where it should go in this increasingly globalized world.
