*America, Guns, and Freedom* Miguel a Faria Jr M D,2019-10 Dr. Miguel Faria's journey into politics and the public health and gun control movements began when, as editor of the Journal of the Medical Association of Georgia, he studied the problem of gun violence and discovered the gun research conducted by the medical establishment was not scientific research as claimed, but politicized, result-oriented propaganda designed to bolster the preordained conclusion that guns should be eradicated from the general population. Faria and three other experts testified before a congressional subcommittee, exposing the pseudoscience of the gun research conducted by the Center for Disease Control (CDC) and proposing the elimination of funds for such research. Congress agreed and passed the Dickey Amendment, restricting CDC gun research that advocates for gun control. Faria relates his adventures during his stint within the belly of the public health establishment, that is, his appointment by President George W. Bush as a member of a grant review committee at the National Center for Injury Prevention and Control (NCIPC) of the CDC, the very institution he had criticized for nearly a decade! He criticizes some of the methodology used by the NCIPC and militates for a more rigorous scientific process for approval of grants in the area of injury prevention. He exposes specific flaws in several gun violence studies that attempted to link lawful gun ownership to violent crime. He argues that gun violence is not merely a consequence of easy gun availability, but due to the cycle of government dependency, broken families, the failure of public education, and the cultural disintegration that has been taking place for decades, particularly in the poorer southern states, and for which the federal government welfare policies have been largely responsible. *America, Guns, and Freedom* outlines why the Second Amendment and armed self-defense are still needed in modern society, debunks the arguments that the U.S. should follow the path of European social democracies by enforcing draconian gun control, and expounds on how civilian disarmament in Australia and Great Britain, despite media hype, has not decreased violent crime in those countries. In *America, Guns, and Freedom*, the author warns us of the five essential ingredients required for the creation and sustenance of tyrannical governments, one of which has been

civilian disarmament via gun registration followed by gun bans and confiscation. Faria discusses mass shooting incidents and the role of mental illness. Special attention is given to the problem of how media sensationalism may encourage deranged individuals and madmen to become mass shooters seeking celebrity status, even in death. While gun control advocates decry America's gun culture, Faria informs us of the significant role that this gun culture played in saving England during World War II. American traditions have been and remain beacons of liberty, and this is most evident in America, Guns, and Freedom. Totalitarian governments that deny their citizens the right to keep and bear arms are a threat to life, liberty, property, and the pursuit of happiness.

**The Last Secret You'll Ever Keep** Laurie Faria Stolarz,2021-03-16 Bestselling author Laurie Faria Stolarz returns with *The Last Secret You'll Ever Keep*, a thrilling novel of an eighteen-year-old girl's search for answers and what she finds instead. Four days... Trapped in a well, surrounded by dirt, scratching at the walls trying to find a way out. Four days of a thirst so strong, that when it finally rains, I drink as much as possible from the dripping walls, not even caring how much dirt comes with it. Six months... Since my escape. Since no one believed I was taken to begin with – from my own bed, after a party, when no one else was home... Six months of trying to find answers and being told instead that I made the whole incident up. One month... Since I logged on to the Jane Anonymous site for the first time and found a community of survivors who listen without judgment, provide advice, and console each other when needed. A month of chatting with a survivor whose story eerily mirrors my own: a girl who's been receiving triggering clues, just like me, and who could help me find the answers I'm searching for. Three days... Since she mysteriously disappears, and since I'm forced to ask the questions: will my chance to find out what happened to me vanish with her? And will I be next?

*Shutter* Laurie Faria Stolarz,2016-10-04 THE FACTS \* Julian Roman, age sixteen, is an escapee from the Fairmount County Juvenile Detention Facility. \* His parents, Michael Roman and Jennifer Roman, are dead. \* Julian is wanted for murder. THE QUESTIONS \* Why is Julian Roman on the run? \* Just how dangerous is he? \* And who did kill Michael and Jennifer Roman, if not Julian?

Sixteen-year-old Day Connor views life through the lens of her camera, where perspective is everything. But photographs never tell the whole story. After Day crosses paths with Julian, the world she pictures and the truths she believes-neatly captured in black and white-begin to blur. Julian is not the armed and dangerous escapee the police are searching for, but his alibis don't quite add up, either. There is more to his story. This time, Day is determined to see the entire picture . . . whatever it reveals. Did he? Or didn't he? Day digs deeper into the case while Julian remains on the run. But the longer her list of facts becomes, the longer the list of questions becomes, too. It's also getting harder to deny the chemistry she feels for him. Is it real? Or is she being manipulated? Day is close to finding the crack in the case. She just needs time to focus before the shutter snaps shut. Laurie Faria Stolarz is a master of suspense and romance. Shutter will keep readers guessing until the very end.

Far-Fetched and Highly Plausible Leandro Faria,2018-12-28 Nick Neville, a talented forensic accountant, takes on the ambitious job of auditing tech giant Cogvolve Corp, the renowned leader in the field of artificial intelligence. The company's CEO, Michael Haas, is an acclaimed researcher whose brilliant high-tech innovations have earned him a reputation as one of the brightest minds in the world. The throng of protesters in front of Cogvolve's imposing headquarters is Nick's first indication of the challenges ahead of him. The company polarizes opinion across the globe: some awe at its advanced developments, while others protest the existential risks posed by its technology. Within minutes of Nick's arrival, he receives bizarre news. Frederico Lanza, Cogvolve's co-founder and lead researcher, has gone missing. While piecing together baffling information uncovered by his audit, Nick is stunned to discover that Lanza's disappearance appears to be part of a much larger – and darker – scheme meticulously orchestrated by an enigmatic figure. Nick joins forces with an extremely talented (and eccentric) tech-savvy group of individuals in search of answers. Embarking on a frantic hunt through downtown Atlanta, Bavarian towns, and even a remote Indian reservation, Nick and his partners plunge into a world of cutting-edge technology and puzzling discoveries. In an exciting blend of hard science, incessant adventure, and unpredictable twists, *Far-Fetched and Highly Plausible* is a fast-paced, intelligent sci-fi thriller that delivers an original take on thought-provoking trends in technology. Leandro Faria has crafted an exhilarating novel that blends mystery and science into a compelling, pulse-pounding fiction...all the way to its remarkable ending.

*Bone Deep* Charles Bosworth Jr., Joel Schwartz, 2022-02-22 THE TRUE STORY BEHIND NBC'S MARQUEE MINI-SERIES THE THING ABOUT PAM STARRING RENEE ZELLWEGER AS PAM HUPP AND JOSH DUHAMEL AS JOEL SCHWARTZ, PREMIERING FEBRUARY 2022. The explosive, first-ever insider's account of the case that's captivated millions – the murder of Betsy Faria and the wrongful conviction of her husband – told by Joel J. Schwartz, the defense attorney who fought for justice on behalf of Russel Faria, and New York Times bestselling author Charles Bosworth Jr.

Goodreads Top Nonfiction of 2022 On December 27th, 2011, Russell Faria returned to his Troy, Missouri, home after his weekly game night with friends to an unthinkable, grisly scene: His wife, Betsy, lay dead, a knife still lodged in her neck. She'd been stabbed fifty-five times. First responders concluded that Betsy was dead for hours when Russ discovered her. No blood was found implicating Russ, and surveillance video, receipts, and friends' testimony all supported his alibi. Yet incredibly, police and the prosecuting attorney ignored the evidence. In their minds, Russ was guilty. But prominent defense attorney Joel J. Schwartz quickly recognized the real killer. The motive was clear. Days before her murder, the terminally ill Betsy replaced her husband with her friend, Pamela Hupp, as her life insurance beneficiary. Still, despite the prosecution's flimsy case and Hupp's transparent lies, Russ was convicted—leaving Hupp free to kill again. *Bone Deep* takes readers through the perfect storm of miscalculations and missteps that led to an innocent man's conviction—and recounts Schwartz's successful battle to have that conviction overturned. Written with Russ Faria's cooperation, and filled with chilling new revelations and previously undisclosed evidence, this is the story of what can happen when police, prosecutor, judge, and jury all fail in their duty to protect the innocent—and let a killer get away with murder. "Fans of *Dateline* will be interested in this work, which will likely only grow in popularity when the miniseries *The Thing About Pam*, starring Renee Zellweger, premieres in March 2022." –Library Journal "Filled with chilling new revelations and previously undisclosed evidence, this is the story of what can happen when police, prosecutor, judge, and jury all fail in their duty to protect the innocent—and let a killer get away with murder. This book is an explosive, insider's account of a case that continues to fascinate the public. We highly recommend it." –Mystery Tribune "An engaging true-crime book that exposes failures in the American criminal justice system while putting a human face on those involved and is recommended to those that enjoy well-researched books." –Mystery and Suspense "If you are interested in justice, in criminal profiling, in trial procedures, the dynamics between the judge, the defense, and the prosecution, this book is for you." –Defrosting Cold Cases
