Bartlett Pamela Rohleder, Gabrielle Infusino, 2003 The Village of Bartlett got its official start on February 11, 1891 when the petition for incorporation was filed in Springfield, Illinois. Beginning with the fledgling Village that existed at the turn of the century and continuing through Bartlett's coming of age in the mid-1960s, Bartlett: Our Past and Our Progress chronicles the emergence of a community that has grown to epitomize the all-American town. This historical walk through Bartlett includes more than 200 images that portray many of the area's important firsts, as well as its ongoing traditions. It features photographs of significant local landmarks such as the first train depot, Immanuel United Church of Christ, Bartlett Grade School, and most importantly, many wonderful pictures of its residents--past and present. Residents have generously shared their photos and recollections with the Bartlett History Museum in order to tell the story of their hometown.

Culmer, 2023-06-16 NYC fashion designer and style icon Kascey Chisol is newly-married and managing a socially-distanced fashion show amid a global pandemic when she is faced with a cybersecurity breach. After discovering her data has been stolen and designs have been faked, Kascey must reconstruct her couture line or face the consequences of competing with her own style online. With help from her faithful staff and loyal venture capitalist husband, Gradey, Kascey diligently works to trace the culprits while focusing on ensuring the survival of Kascey Couture. But Gradey is also dealing with other challenges that include providing capital for a tech company in the Silicon Valley in dire straits and handling the unexpected illness of a family member. As Gradey and Kascey battle to protect themselves and her business from international criminal elements, they must also manage the constant changes that accompany a new norm, find a way to keep their romance alive, and endure a virtual court hearing where she must face the culprits. In this exciting story, a fashion entrepreneur and her venture capitalist husband fight for recognition and a life they once knew after she becomes the victim of a cybersecurity attack.

Impatient with Desire Gabrielle Burton, 2010-03-09 A great adventure. A haunting tragedy. An enduring love. In the spring of 1846, Tamsen Donner, her husband, George, their five daughters, and eighty other pioneers headed to California in eager anticipation of new lives out West. Everything that could go wrong did, and an American legend was born. The Donner Party. We think we know their story--starving pioneers trapped in the mountains performing an unspeakable act to survive--but we know only that one harrowing part of it. Impatient with Desire brings us answers to the unanswerable question: What really happened in the four months the Donners were trapped in the Sierra Nevadas And it brings to stunning life a woman--and a love story--behind the myth. Tamsen Eustis Donner, born in 1801, taught school, wrote poetry, painted, botanized, and was fluent in French. At twenty-three, she sailed alone from Massachusetts to North Carolina when respectable women didn't travel alone. Years after losing her first husband, Tully, she married again for love, this time to George Donner, a prosperous farmer, and in 1846, they set out for California with their five youngest children. Unlike many women who embarked reluctantly on the California-Oregon Trail, Tamsen was eager to go. Later, trapped in the mountains by early snows, she had plenty of time to contemplate the wisdom of her decision and the cost of her wanderlust. Historians have long known that Tamsen kept a journal, though it was never found. In Impatient with Desire, Burton draws on years of historical research to vividly imagine this lost journal--and paints a picture of a remarkable heroine in an extraordinary situation. Tamsen's unforgettable journey takes us from the cornfields of Illinois to the dusty Oregon Trail to the freezing Sierra Nevada Mountains, where she was forced to confront an impossible choice. Impatient with Desire is a passionate, heart-wrenching story of courage, hope, and love in hardship, all told at a breathless pace. Intimate in tone and epic in scope, Impatient with Desire is absolutely hypnotic.

Searching for Tamsen Donner Gabrielle Burton, 2009-03-01 This book tells of Burton's search to solve the mystery of Tamsen Donner for herself. A graceful mingling of history and memoir, Searching for Tamsen Donner follows Burton and her husband, with their five daughters, on her journey along Tamsen's path. From Tamsen's birthplace in Massachusetts to North Carolina, where she lost her first family in the space of three months; to Illinois, where she married George Donner; and finally to the fateful Oregon Trail, Burton recovers one woman's compelling history through a modern-day family's adventure into realms of ultimately timeless experiences --Cover, p. 2.

#MOVING OUT Tweet Book Gabrielle Jasinski, Eliza Lamson, Elizabeth Wassmann, 2013-05-29 Moving to college can be exciting, yet daunting. High school seniors leaving their childhood homes and heading to college receive lots of advice--from parents, siblings, counselors, and, of course, online. Even so, the guidance they will find in '#MOVING OUT tweet' presents unique value. That's because this new book represents the collective firsthand experience of four college students with rich and diverse experiences and with genuine intent to help out young people taking their first steps away from home. The authors--Santa Clara University students Gabrielle Jasinski, Eliza Lamson, Elizabeth Wassmann, and Hannah Miller--understand and respect the all-too-common dilemmas of college freshmen. How do I cook? What do I cook? Who will do my laundry? Where do I go when I just need a hug? Addressing these basics first, the authors then move on to provide guidance that goes beyond the essentials and actually focus on enriching and adding breadth to the college experience. Young college students themselves, the authors know that the unknown can be frightening. No matter how excited students might be to move to college, it is totally understandable to feel a tinge of nerves. And students are not the only ones feeling nervous; parents feel anxiety, too. It is clear that the authors understand this, because they address parental concerns with skill and empathy. '#MOVING OUT tweet' follows a six-step progression, starting with the pre-move period (typically the senior year of high school) to the long-term--the four years of college and beyond. Written in the easy-to-absorb tweet format, the book will help students to familiarize themselves with many aspects of this new world away from home. Parents too will find immediate value in this book, as it helps their children make a smoother, easier transition to college life. Ultimately, this book will work as a support system for students during and after the big move and will provide answers to the questions that come up during this time of intense change and excitement. '#MOVING OUT tweet' is part of the THiNKaha series whose slim and handy books contain 140 well-thought-out quotes (tweets/ahas).

Better Homes of South Bend Gabrielle Robinson,2015-09-07 In 1950, a group of African American workers at the Studebaker factory in South Bend met in secret. Their mission was to build homes away from the factories and slums where they were forced to live. They came from the South to make a better life for themselves and their children, but they found Jim Crow in the North as well. The meeting gave birth to Better Homes of South Bend, and a triumph against the entrenched racism of the times took all their courage, intelligence and perseverance. Author Gabrielle Robinson tells the story of their struggle and provides an intimate glimpse into a part of history that all too often is forgotten.

Gabrielle Falloppia, 1522/23-1562 Michael Stolberg,2022-08-12 Renaissance anatomist Gabrielle Falloppia is best known today for his account of the eponymous fallopian tubes but he made numerous other anatomical discoveries as well, was one of the most famous surgeons of his time, and is widely believed to have invented the condom. Drawing on Falloppia's *Observationes anatomicae* of 1561 and on dozens of handwritten and published sets of student notes, this book not only looks at Falloppia's anatomical lectures and demonstrations. It also studies Falloppia's work on surgical topics – including the French disease and cosmetic surgery – on thermal waters, and on pharmacology. Last but not least, it uses student notes and the letters of contemporary scholars to throw a new light on Falloppia's biography, on his very special relationship with the botanist Melchior Wieland, who lived in his house for several years, and on his conflicts with his fellow professors in Padua, one of whom, Bassiano Landi, was murdered just ten days after his funeral – by Falloppia's disciples, as some believed. Written by one of the leading scholars in the field of early modern medicine, this book will appeal to all those interested in the teaching and practice of anatomy, surgery, and pharmacology in the Renaissance.
